

## Woman's Club

THE regular meeting of the Woman's Club was held March 22, in the club rooms. Mrs. Taliaferro Milton, first vice-president, presiding. Announcement was made of the next regular meeting on April 5. This is to be in charge of the Art and Literature committee. Miss Pauline Palmer will give a talk on "American Painters." A loan exhibition of paintings has been arranged for this meeting.

Mrs. George Brown of Evanston who is devoting her time to the interests of the Eli Bates Settlement house, spoke briefly of the good work which is being done there to put cheer and ambition into many lives in the surrounding district. Handwork is taught to those who can use the needle and a sale found for the products. A table in the parlor, exhibiting many beautiful specimens of their work was visited and patronized by the members at the close of the program.

On March 21, the Twenty-fifth anniversary of the Illinois Federation of Woman's clubs was celebrated at the Wilmette club, Mrs. Ralph Snyder and Mrs. John Marshall were delegates from the Winnetka club and each brought very interesting reports of the occasion.

Mrs. Arthur Barrett is in charge of the card party to be given at the club April 10 for the benefit of Mr. Davies' Summer Camp for boys and girls.

The members were urged to make their reservations for tables.

Mrs. Ernest Ballard introduced the speaker of the afternoon, Mr. Horace Bridges, president of the Urban League, whose subject was "The Race Problem." The speaker referred to the influx of negro population in Chicago due to the shortage of labor during the war and, while their labor was welcomed yet no provision was made for adequate housing facilities. Refusal was given for allowing the negro to move into quarters where none had been previously; consequently their quarters are overcrowded and unsanitary, contributing toward crime and disease. The negro should be given a fair, unhampered opportunity to do what he is capable of doing. Mr. Bridges told of the progress made by the negro in the past sixty years in education and art and paid tribute to their loyalty during the last war.
