Champ Wrestler Makes Bid For Fame

Northwestern university athletes are already preparing for the Olympic games to be held in Paris in 1924. Bryan Hines, the Purple wrestler who won eleven out of twelve con-

ference matches in the last two years, has had several professional efforts but chooses to remain eligible for the international competition.
 Hines attributes his wrestling success to the technique he acquired while riding steers on the plains of Kansas. He began riding steers and horses when but seven years of age, and believes this exercise is more valuable than any other in the development of the muscles of the legs and thighs. Mr. Hines has been entirely self-supporting throughout his college career, but his method of meeting expenses is unusual. His parents own a five-thousand-acre ranch in western Kansas and there each summer Bryan passes his vacation trading cattle.
 The Purple mat man has not devoted all his time to wrestling but is active in debating and was a member of Northwestern's championship debating team of 1922 which lost no meets. Hines is a member of the student council of Northwestern and is also president of the student council in the School of Speech where he is a senior.

New Trier Band Praised Following First Concert
 The concert by the New Trier band last Friday evening was largely attended by a very appreciative crowd. Director Schumacher, had the boys well trained in their parts, and received compliments on his excellent service to the school. New Trier has a band it can be very proud of, was the unanimous verdict of the audience.
