

CAMP FIRE DAY HERE ON MAY 19

Winnetka's Groups of Camp Fire Girls Hold Grand Ceremonial Saturday

TO RECEIVE AWARDS

Special Exhibits and Ceremonies Feature

Once a year the Winnetka Camp Fire Girls hold their Grand Ceremonial meeting in Community House. This annual program is planned for Saturday afternoon, May 19, at 3 o'clock, and all friends of Camp Fire are invited to be present.

This is a joint meeting of all groups, nearly one hundred girls, and is similar in character to the ceremonials held in each group several times throughout the year. The girls will be in ceremonial costume, and around the camp fire in the gymnasium they will sing their songs and receive their honors and ranks.

Special Speakers
Mrs. John Moody, Chief Executive of the Chicago Camp Fire association, will be present and will rank the girls. Dr. Norman E. Richardson, head of the Department of Religious Instruction at Northwestern university will present his class of university students for their Guardians' certificates, and will give the Council Talk.

Winnetka friends of Camp Fire will have an opportunity at this time, to catch a further glimpse of the ideals and inspirations of this Camp Fire work which arouses the enthusiasm of so many girls.

What Camp Fire Means
In this connection it is of interest to note the Camp Fire Laws and what it means to be a Camp Fire Girl.

The Camp Fire Law is stated briefly in the following terms: "Seek Beauty—Give Service—Pursue Knowledge—Be Trustworthy—Hold on to Health—Glorify Work—Be Happy."

The meaning of Camp Fire may be interpreted in the following paragraphs:

To be one of a comradeship of girls, living in every state of the United States, in Alaska, Canada, Mexico, Canal Zone, South America, England, Scotland, France, India, Turkey, and many other foreign countries;

To be a part of a large sisterhood which is having good times out-of-doors, cooking over open fires, singing the same songs around camp fires, living the same ideals of work, health, and love, giving the same sort of service to their communities;

To join hands around the world with 150,000 happy girls who are striving to understand one another and to love one another and to accept one another without prejudice, no matter what language they may speak, or in what manner they worship their God or what flag they revere.

LAUNCH SAFETY COUNCIL HERE

Promulgate Safety Doctrines in Schools, Churches

Organization of the North Shore safety Commission, to include the villages of Wilmette, Kenilworth, Winnetka and Glencoe and to function as one of the ten districts planned by the Chicago Safety council, soon will be completed, according to an announcement by William Otter, president of the council.

It is proposed that each village be represented on the new commission by its president, the superintendent of schools and local railway agents and others.

Teach Safety Principles
Harry J. Bell, secretary of the Safety council, explained the plan in detail at the recent meeting of the Winnetka council. Safety instruction will be taught in all primary and high schools using the "Safety Education" textbook prepared by the committee of principals of Chicago public schools. Boys' safety patrols will be formed to act as guards for children in crossing highways and railway tracks to and from schools. Active participation of civic organ-

izations has been assured it is said, and public safety meetings will be held in the four villages. It is planned to use stereopticon slides and safety motion picture films in theaters, while appropriate sermons or addresses will be made in churches on Safety Sunday.

Advertise Safety

Accident posters printed in the name of the North Shore safety commission will be posted in school rooms, railway stations, public garages and gasoline filling stations. Co-operation of all village authorities in enforcing the law and in erecting warning signs at dangerous places will be sought. Printed instructions as to laws and rules of the road, containing information relative to the causes of accidents, will be furnished by village clerks to all owners of vehicles licensed to operate in these villages.

Mr. and Mrs. Ferdinand Hotz, of 1072 Sheridan road, Glencoe, announce the engagement of their daughter, Alice, to Dr. George L. Apfelbach, of Chicago. The wedding will take place late in June.

Washburne to Address Final P. T. A. Session

Superintendent of schools, Carlton W. Washburne, will be the speaker at the last meeting of the season of the Win-

netka Parent-Teacher association to be held Monday evening, May 28. Mr. Washburne will talk concerning his experiences on a tour of European countries last winter in which he investigated educational systems.

Mother—

All mothers love flowers—and every mother has her *Favorite Flower*.

Tomorrow every mother will be looking for a bunch of the kind she loves best.

We have the kind she wants.
