

SKOKIE PUPILS GIVE PETER PAN

Convert Barrie Novel into Dramatic Sketch

About 40 pupils of the fourth, fifth and sixth grades of the Skokie school will take part in the play "Peter Pan" that the three grades will produce in the Jane Kuppenheimer Memorial hall next week-end. It has not yet been decided whether the performance will be limited to Saturday night or whether there will be two entertainments, one on Friday and another on Saturday night.

At Christmas time the children started to read J. M. Barrie's works. As they read, they dramatized. They liked "Peter Pan" so well that they decided to produce it with the help of Mrs. Frances Murray, dramatic supervisor. "Peter Pan" is not in a play form and so the children were forced to write the play as they went along. They retained Barrie's words insofar as possible, converting into dialogue only those parts that were entirely descriptive in the original work.

The part of Peter Pan will be played by Robert Stevens. Margaret McKinney will take the part of Wendy and Way Thompson will act as the famous Captain Hook, chief of the pirates. The character of Tiger Lily, who saves Peter Pan from the pirates, will be enacted by Evelyn Kruse. John Porter is rehearsing the lines of Father Darling; Anoinette Thompson will be Mother Darling; Warner Robinson, John Darling, and Ralph Dillon will play the part of Michael Darling.

Members of the seventh and eighth grade dramatic classes are designing the scenery and costumes for the play.

Pioneer of North Shore Dies at Age of 64 Years

Louis N. Dean, 64 years of age and a pioneer resident of Hubbard Woods, died at his home at 251 Linden avenue Tuesday afternoon, May 15. Services were held from the home Thursday with Rev. D. H. Cornell in charge. Burial was at Memorial Park.

For 34 years Mr. Dean has been a resident of Winnetka and Hubbard Woods. Most of that time was spent in Winnetka. His wife, Mrs. Rose M. Dean, is also a Winnetka pioneer. At the time of his death Mr. Dean was a member of the Tablet and Picket Company of Chicago.

Besides his widow, Mr. Dean is survived by six children, five of whom live on the north shore. They are Lawrence Dean, Melville C. Dean, Earl U. Dean, Emerson N. Dean and Mrs. Robert Steele and Mrs. Heaton Robertson, of New Haven, Connecticut.

Rum Toting in Winnetka Halted by Keen Copper

When Mike Roglski, a Chicago dealer in illicit liquors, stepped off a Chicago and Northwestern train last Sunday night at the Winnetka depot he accidentally bumped into Patrolman Johansen of the Winnetka police force.

Johansen eyed with suspicion the suit case the man was carrying and requested a stroll to the police station.

There the contents of the suitcase were examined and found to be alcoholic.

Roglski was tried before Magistrate Northup and plead guilty to the charge of transporting liquor. He was fined \$100 and costs.

Mrs. J. C. Winship Dies at Oak Park Residence

Mrs. J. C. Winship, a former prominent resident of Winnetka and a leader in local Congregational church activities, passed away Friday, May 11, at her home in Oak Park, Ill.

Funeral service were held on Monday, May 15, from her home at 409 S. Elmwood avenue, Oak Park.

Her passing is mourned by hundreds of friends and acquaintances in the village and particularly by members of the Congregational church who knew her as a devoted religious worker.

Would Place Water Mains in Northwest Territory

The Winnetka Village Board of Local Improvements has called a public hearing for June 5, at 7:45 o'clock, at the Village hall, to consider the extension of water mains on North avenue west to Grove street.

The action follows the receipt of a petition presented by property owners who desire to build in the section not now provided with water service.

Brother and Sister Win High Honors in Schools

Miss Katherine Wortley, daughter of Mrs. Eloise W. Wortley, assistant director of Community House and leader in Winnetka community activities, has won a place of high distinction at Northwestern university.

Miss Wortley has been elected president of the Girls' Glee club at the university for the coming year. The young woman, who is a member of the Junior class, served as vice president of the organization during the present school year.

Mrs. Wortley's son, Cabray, a student at New Trier High school, has also brought his share of honors to the family circle. Besides ranking high in the Boy Scout movement, he has distinguished himself in the fields of drama and debate. He was a member of New Trier's undefeated debating team this year. He also ranked well in athletic circles.

Little Garden Club Has Interesting Discussion

The Little Garden club of Winnetka held its May meeting Friday afternoon, May 11, at the home of Mrs. Neil M. Clark, 408 Winnetka avenue.

At this meeting three new members were added to the roll, and, being experienced and enthusiastic gardeners, will be helpful members in the club. The afternoon was given over to open discussion, the main topic being, "Garden Pests and Their Treatment." In addition, the planting and care of perennial plants and bulbs was talked over, and a spring tour of all the members' gardens was planned, to take place at an early date.

The keen personal interest taken by the members of this club in their gardens, in all phases of planting and caring for them, makes these experience meetings of great help and interest to all the membership.

Wilmette Girls Queens Among Wellesley Students

Miss Joy Scheidenhelm, class '20, at New Trier High school and a resident of Wilmette, is making a name for herself and for New Trier at Wellesley College. This year she is president of the junior class. The college has just waived its usual precedent and elected her president of the senior class for next year. She has not only been popular among her classmates, but has demonstrated her superiority as a student. Her last semester's record shows all A grades. She is majoring in Psychology.

Another Wilmette girl, Dorothy Schmedtgen, '20, is distinguishing herself at Wellesley. She is secretary of Joy Scheidenhelm's class, and has been elected vice-president of next year's senior class.

MAY MARKETERS SEEK SUNSHINE

Appeal for Good Weather Next Saturday

Here's hoping the weather man will forget his playful, not to mention rather annoying pranks, and give Winnetka some balmy, sunshiny weather leading up to and including the date of Saturday, May 26.

This appeal for summery zephyrs is made on behalf of the Garden Club of Winnetka, which proposes to stage its May Market next Saturday.

Plans are going forward nicely and there is every prospect that the villagers are to have a gala time of bargaining and sight-seeing on the Village green one week from today.

As previously announced, there will be numerous booths, in charge of well known women of the village, at which may be purchased everything in the garden line. There will be garden and market accessories, flowers and shrubs provided by leading florists and nurserymen, vegetables in variety, refreshments for the children and the older folks as well, and, just everything imaginable that has anything to do with the dooryard garden, whether it be flowers or the thoroughly utilitarian beds of cabbages and beans.

Some of the women who are taking the lead in the preparations for the May Market are Mrs. Hathaway

Watson, expert on the "little garden" plan of interest to school children; Mrs. George D. Forrest, Mrs. Walter F. Wallace, Mrs. Harry Barnum, Mrs. Donald Dallas, Mrs. Frank J. Bersbach, Mrs. Percy Bradstreet, Mrs. Ralph Hobart, Mrs. Marcus Richards, Mrs. Lloyd Whitman, Mrs. Frank R. Fuller and Mrs. Ezra Taylor.

Mrs. Fuller is president of the Garden Club of Winnetka, and Mrs. Taylor general chairman for the May Market. Proceeds will aid in the beautification of public grounds in the village.

Mrs. A. M. Forberg, of Hubbard Woods, is spending the week-end in Madison, Wis., as the guest of her daughter, Serena, a student at the University of Wisconsin.

We now have a wonderful assortment of Summer Dresses, Coatees, Wraps and Capes at prices that will surprise everybody.

CADILLAC

From the viewpoint of the business man there are two basic economic reasons why the present Type 61 Cadillac is considered the greatest value ever offered in its field.

1. Its present mechanical excellence is in no small measure the result of improvements developed during the manufacture of more than 40,000 cars of this particular model.

2. The purchase price of Type 61, as a unit of the greatest Cadillac production ever attained, is substantially lower than would be possible were it built in lesser volume.

With these facts in mind it is easy to understand that, with the rising trend in costs, there may never again be so great a value presented in a fine motor car.
