PLACE SAFETY SIGNS AT ACCIDENT SCENES

Safety signs warning motorists of danger spots along highways in the villages of New Trier township, are to be placed by the New Trier Commercial association in accordance with action to that effect taken by the association at its regular meeting Monday of this week.

One of these signs, an official of the association explained, will be placed at the Drainage Channel bridge on Sheridan road, bearing the information that a human life was lost as the result of an automobile crash at that location. Other signs will be placed where other serious accidents have occurred.

"They will not be the most pleasant reading," he declared, "but we feel that time has come, with the increasingly heavy traffic, to employ drastic measures in warning motorists against the danger that lurks at hand for the observing driver."

BUSINESS MEN BOOST PROPOSED BUS LINE

Resolutions were adopted at the meeting of the New Trier Commercial association Monday, of this week, endorsing the plan of the Chicago, North Shore and Milwaukee Electric railway to operate a bus line between the Wilmette avenue station and Deerfield, via Gross Point, Glenview, and intervening points north.

The railroad recently petitioned the Wilmette Village board for permission to operate a bus line in the village. An ordinance relating to the proposed establishment of the service in Wilmette is being prepared and will be submitted to the Board of Trustees for action in the near future, it is said.

The Commercial association members stated that the proposed line would work a distinct advantage to the residents in the territory west of the village in coming into Wilmette, as well as providing an adequate means of transportation for golfers who will use the new courses now being established in the Forest Preserve west of Wilmette.

"Freckles" Barry is touring the northwest as a personal appearance artist in connection with his latest picture, "Heroes of the Street." He expects to arrive in Los Angeles some time next month to begin work on his next film, "Little Johnny Jones."

There's one town in the United States where there are no horses. Wesley Ruggles is the man who discovered it. While in Palm Beach, Fla., recently directing scenes in Agnes Ayres' new picture, "The Heart Raider," he called for two horses to draw a chariot in a bit of symbolism, and his assistants had to spend a large part of the next day scouring the countryside to get a pair of suitable steeds.
