

The Orrington's Spacious Tudor Lounge Reflects the Comfort and Elegance of the Most Magnificent Home

For Unequaled Ease, Comfort and Service Make The Orrington *Your Home*

THE ORRINGTON will be a true home—a home of elegance, happiness, comfort, safety and service, sequestered amid stately elms and verdant parkways. Scores of windows assures an abundance of light and air for every apartment. When winter's blizzards roar, three huge boilers and forced ventilation guarantee cozy warmth and continuous circulation of pure, fresh air. During summer's heat the ventilation system will supply cooling draughts. Each apartment will have running ice water—triple filtered—crystal clear.

Selected with especial care, the furnishings will bring an exclamation of admiration from the most fastidious

housewife. The lounge, lobby, private dining rooms, solarium, smoking room, etc., will all be furnished to give the feeling of the most magnificent home.

In the kitchen, wholesome, tempting food will be prepared with the same care as in a private home and under unequalled sanitary conditions. There will be 15,155 cubic feet of refrigeration, scientifically arranged for the proper care of foodstuffs.

With the first floor of living quarters three stories above the parkway, with ballrooms, roof garden, lounges, etc., and fireproof, The Orrington is indeed the home of homes—a better, happier home for you and yours.

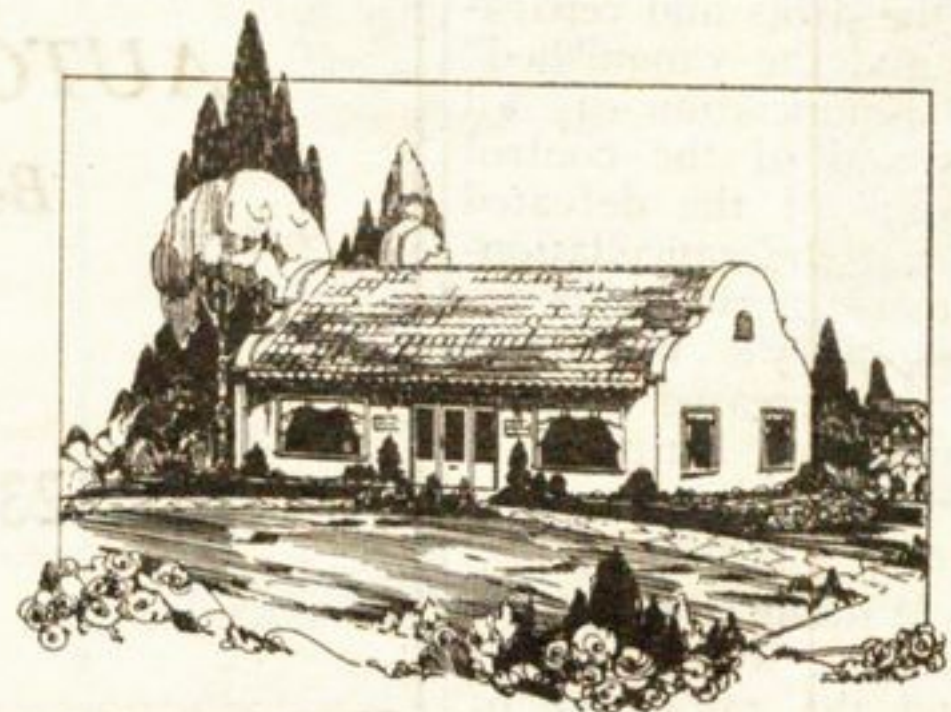

Make Your Reservation This Week

Apartments are leasing rapidly. If you are selling your home or wish fall and winter accommodations, make your reservation at once. Telephone Evanston 8700 or call—
