

Neighborhood Theatres

Hoyburn Theatre

The Hoyburn theatre, recently taken over and now operated by a group of north shore business men, continues its showings of first release pictures as indicated in the character of films provided for the coming week.

Dorothy Phillips will be seen at the Hoyburn on Monday, Tuesday and Wednesday, July 23, 24 and 25 in her latest success, "Slander the Woman." This is a drama of the far north country, unusually compelling in its appeal to red-blooded Americans.

For Thursday, Friday and Saturday, July 26, 27, and 28, the Hoyburn management announces "Environment," starring Milton Sills, Ralph Lewis and Alice Lake.

"The Isle of Lost Ships" is the feature of the Hoyburn program this weekend. Milton Sills and Anna Q. Nilsson are the stars.

Stanley Wallace, recently secured as organist at the Hoyburn and whose popularity already is wide-spread throughout the north shore, has inaugurated a novel plan designed to "give the patrons what they want" in the way of organ selections. He announces a desire to play selections especially requested by patrons. He suggests that persons attending the theatre leave their selections at the box office or with an usher.

Howard Theatre

Wheeler Oakman opens the Howard program next week with his film interpretation of "Slippy McGee," showing on Sunday, July 22.

"Poor Men's Wives" is the film attraction for Monday and Tuesday, July 23 and 24, and "The Hero" comes to the Howard for the programs of Wednesday and Thursday, July 25 and 26.

Douglas MacLean has the center of the stage on Friday and Saturday, July 27 and 28, with his latest dynamic success, "A Man of Action." An all-star cast will be seen in support of the incomparable Maclean in this thriller.

The Howard remains "The House

of Harmony," its summer programs retaining all the music features of the regular winter season. Mr. Thatcher and his splendid orchestra are found at every show and Miss Anita Sadler continues to charm the audiences with her excellent work at the organ.

Adelphi Theatre

"Trifling with Honor" is the Adelphi picture for Sunday, July 22. It is said to be one of the great film productions of the season and interest-compelling throughout.

Marguerite de la Motte is the drawing card for Monday and Tuesday, July 23 and 24, in the unusual success, "The Famous Mrs. Fair." In the set are such film luminaries as Cullen Landis and Myrtle Steadman.

For Wednesday and Thursday, July 25 and 26, the Adelphi offers Betty Compson's most recent triumph, "The Woman with Four Faces." A gripping production!

"Slander the Woman," starring Dorothy Phillips, is booked for Friday and Saturday, July 27 and 28.

The Adelphi appears to cling religiously to its promise to provide its patrons with "the pick of the pictures."

Former Dutch Officer In Chicago Made Film

Matthew A Van Veen will play the leading part in "Opportunity" which is now being filmed in Chicago. Mr. Van Veen is conversant with court etiquette and is well versed in the graces and niceties of the salon. He has lived in the South African veldt and knows the manners and habit of natives of India and of Egypt. He has served as a lieutenant in the Dutch reserves. Before coming to America he was a civil engineer, superintending the building of railroads. Mr. Van Veen is considered a wonderful screen type.

CROOKS GET 3 BILLION

The New York Times says that since the war something like \$3,000,000,000 has been lost by the American public in fraudulent securities and through irresponsible agents.

Engineers Admire Beauty of North Shore Villages

Members of the American Society of Civil Engineers who met in convention at the Drake hotel, Chicago, last week, had occasion to enjoy a sight-seeing tour of the north shore villages, and returned to the city convinced that Chicago's north suburbs were unrivalled in the United States in the beauty of their drives and the attractiveness of their homes.

Fifty automobile loads of engineers made the journey escorted by the motorcycle squads of the various villages.

The Nokol Guarantee Is Bonded by the Fidelity and Casualty Company

No more orders will be taken for Nokol installations in October

The number of Nokol orders on hand for installation in October is already enough to keep our installation crews busy during that month. We can still take a few orders for September, but these will undoubtedly be filled in the next few days.

We therefore urge all home-owners who intend to install Nokol for next winter to come in to see us before August 31st, as orders placed after that time will have to await their turn for installation after November 1st, or after the heating season has begun.

Our long-term payment plan enables you to enjoy the comforts of Nokol while you are paying for it. Come in and ask us about it
