

RESUME CLASSES AT HIGH SCHOOL

New Principal at Helm at New Trier High

Monday, September 17, spells the termination of vacation days and the resumption of classroom activities for the pupils of New Trier Township High school. Registrations were completed last week, instructors acquainted with their duties this week and all preparations completed for the opening of the classroom doors at 8:30 o'clock next Monday.

School opening at New Trier bears unusual significance this season in that it finds a new administrator in charge in the person of Frederick Edson Clerk, who last June succeeded Eston V. Tubbs as principal of the secondary school.

Mr. Clerk came to the north shore from Winchester, Virginia, where he was superintendent of the public schools for a period of five years. He is an educator who has had an unusual variety of experience in elementary, high school and college work, and comes to New Trier thoroughly qualified to take up the reins of administration at the progressive and strictly modern township school.

Enlargement of classroom and "mess hall" or dining space also has been accomplished during the summer months. By virtue of the improvement in the "mess hall," facilities have been provided to serve 1,000 pupils in a space of 40 minutes at the lunch hour. Kitchen equipment is strictly modern in every sense, it is said. A separate cafeteria has been arranged for the teachers.

Miss Margaret and Miss Jean Aitken, daughters of Mr. and Mrs. William Aitken, Hubbard Woods, have just returned from a one hundred and fifty mile canoe trip through the lake region of northern Wisconsin.

From Boulder Junction they motored back to Trout lake.

Both Jean and Margaret Aitken won the all-Osoha emblem, which is the highest honor given in camp for all-around sportsmanship. Jean won the symbol for having the neatest cabin for the season. Margaret and Jean won a place on the all-Osoha crew which was made up of the best paddlers in camp. Both girls won their first land and their first water honor while at camp Osoha.

Mr. Aitken is a well known north shore builder.

With Ice Cream

You will add much to the daintiness of your ice cream desserts if you serve them with either Seidel's lady fingers or our different but equally good macaroons.

Ice cream tastes so much better when you have something to nibble on—especially something as good in its own right as a crisp almond macaroon!
