

## DENMAN NAMED WILMETTE CHIEF

Organizer of County Police Appointed to Local Post by Village Board

HAS SPLENDID RECORD

Chief Sieber Retires After Long Service

The Wilmette Village board in regular session Tuesday evening, September 18, acting upon the recommendation of its Police and Fire committee, confirmed the appointment of Maj. Albert L. Denman as Superintendent of Wilmette Police, effective November 1, 1923, at a salary at the rate of \$4,000 per year.

Appointment of Maj. Denman, at present director of the Cook County Highway police, came as a result of several weeks of deliberation on the part of the Police and Fire committee concerning the necessity of securing a highly trained man to assume the increasingly heavy burden of responsibility that has been resting upon Chief Edward G. Sieber, dean of the police on the north shore, who has given thirty-five years of faithful service to the community.

**Thoroughly Qualified**  
Maj. Denman enjoys a record of service that makes him preeminently qualified to assume the duties of superintendent of police, according to village officials who recommended his appointment after investigation of records of several men suggested for the important office.

He was a member of the Chicago Police department for 21 years and was responsible for the organization of the splendid mounted police squad. During the war he was made head of the military police in France with the rank of major of artillery, first with the French and later with the American troops. He was for a year the chief of police at Bordeaux. At the conclusion of hostilities he entered the secret service in the employ of the French and Polish governments.

**Good County Record**  
Twenty months ago Major Denman returned to the United States and Chicago and was immediately secured to organize the County Highway deputies. His valuable service as director of the highway police is indicated in the fact that the flurry of crime current a few years ago on the county highways, has been reduced to a minimum and the country roads made safe for night travel. Major Denman will move to Wilmette October 1, and expresses pleasure in the opportunity his appointment affords for effective service in the community. He refrained from comment relative to his plans for the local department, stating that he would be prepared to state his policy of administration after he had made careful study of local conditions.

**Dean of Policemen**  
The retirement of Chief Sieber recalls to mind his splendid record of conscientious service in the village. Working single-handed and on call twenty-four hours a day for almost a score of years, and on the job directing the affairs of the department after the steady growth of the village made it necessary to augment the force, he has achieved the distinction of being the oldest policeman, in point of active service, on the entire north shore.

Prior to coming to Wilmette in the late eighties Chief Sieber served as a policeman in what was then South Evanston.

It was stated at the Village hall that suitable and permanent recognition of Chief Sieber's service would be provided.

**Magistrate Mickey Ties Knot as Speeders Wait**

Magistrate D. M. Mickey of the Village court laid aside the cares and worries attendant upon speeders and police cases Monday of this week to engage in the pleasant task of uniting in bonds of matrimony a slightly agitated young couple that came out to Wilmette from Chicago.

Delbert C. Miller and Miss Lillian Moretti were the happy pair who, at the behest of interested friends, made it a real party by coming out to the suburb for their wedding ceremony.

## JEWISH SCHOOL HOLDS REGISTRATION SEPT. 30

Holiday services of the North Shore Congregation were concluded this week with the observance on Thursday, September 20, of "Kol Nidre" at the Wilmette Congregational church under direction of Rabbi L. A. Mischkind. The Congregational church was the scene of a series of holiday services in the past ten days.

Registration for the one-day-week Jewish school will be made Sunday morning, September 30, at 10:15 o'clock, Rabbi Mischkind announced this week.

Sessions of the school will be held at the Hubbard Woods school. Children between the ages of 6 and 15 years are eligible to enter the classes. A kindergarten grade is being organized for children between the ages of 4 and 6 years.

Rabbi Mischkind is at present residing at 319 N. Sheridan road, Highland Park.

## Movers Prepare for Big Season of Autumn Labor

Busy days are in the offing for the Scully Transfer Company, with offices located in the Prouty Annex. Movin' days are at hand and the "freighters," as we have chosen to term the hired hands, are lifting tons of hypothetical pianos and what notes to groom themselves for the October 1 activities.

Scully Transfer has been a Wilmette standby for many moons and its officers declare everything is in readiness for the approaching busy season.

## LICENSE HELPS AGENCIES

Licensing of employment agencies was ordered by the Wilmette Village board at its regular session this week. It was voted to exact an annual fee of \$25 from all employment agencies established in the village.

## SALVATION ARMY BOARD

The annual meeting of the Wilmette Salvation Army Advisory board was held Thursday, September 20, at 8:15 o'clock in the Assembly room at the Village hall. There was the annual election of

## Talk Keeps Them Close To Affairs of Home Town

Winnetka holds its fascination for any person who at any time has called this village "home." That is why the Talk travels far and wide into every section of the country and into foreign lands where there are ex-Winnetkans who want to keep in touch with home affairs.

Counted among these "strangers in a strange land" are Mr. and Mrs. Guy Stuart Bailey of 100 Hillcrest avenue, Yonkers, N. Y.

The Baileys are widely known in local dramatic circles, particularly in connection with the North Shore Theatre Guild. They write to the Talk:

"We have moved East, but we want very much to keep in touch with Winnetka happenings, so please send us the Talk."

Mr. and Mrs. Bailey are associated with theatrical enterprises in New York City.

The Vagabonds' Dance orchestra, which provided the music at scores of north shore social affairs last season, will open its 1923-24 season at Odd Fellows hall,

Wilmette, Saturday evening, September 28. The date of opening was postponed from September 22 because of the inability of the orchestra management to secure the hall for that evening.

The Vagabonds promise to be "better than ever" this season, which, in the opinion of a host of dance devotees closely approaches perfection.

## LOPPING OFF THE YEARS

An annual average of 4,000 productive years are lopped off from the lives of the population of Illinois by communicable diseases alone, according to official statistics. That's why health officers talk so much about the economy of preventing sickness.

## KENILWORTH HAPPENINGS

Mr. and Mrs. Charles Macklin and Miss Mary Macklin are now occupying their new home at 535 Warwick road.

Miss Elizabeth Stolp, 336 Warwick road, is attending the Northwestern School of Music this winter.

Miss Frances Stevens, 330 Abbottsford road, leaves today to attend Dana Hall.

Mr. Clive Jackson Taylor, 310 Cumnor road, has been in Madison on a week's business trip.

## And Once Again It's School

Boys and girls throughout the land have returned to their studies.

Lessons have been resumed where they were left in June. The young of America are being trained for the big tasks ahead.

They will never be fully equipped until they have learned to save. This lesson must be taught at home.

See that your boy or girl learns this important lesson through an account at this bank.

## First— Make an Appointment by "Long Distance"

"BUYERS who force salesmen to cool their heels outside the offices increase the annual cost of distribution by more than \$100,000,000," said Charles Henry MacIntosh in an address before the Executive Club of Chicago. "When labor efficiency standards are applied to selling, manufacturing profits will increase."  
—Chicago Tribune

Manufacturers and wholesalers realize with sorrow the amount of time wasted by salesmen waiting in anterooms. The long distance telephone can aid in saving much of this time.

Have your salesmen call their customers or prospects by long distance telephone and make definite appointments. A long distance call requested will seldom be refused.
