BIG ENROLLMENT AT SEAR'S SCHOOL

New Addition to be Completed Within Two Months

The enrollment at the Joseph Sears School which started classes this week is the largest ever recorded in the first week of the school year.

As was done last year, the kindergarten will be held at the Union church and the first grade will meet in the regular kindergarten room at the school. The first grade will have only half day sessions, due to the fact that that room will be utilized by the upper classes in the afternoon.

The new addition to the school building will be completed in about two months and will be used for class rooms only. It is the intention of the school officials to limit the enrollment of the coming year to not more than 300 children.

Although no schedule for athletic contests have been arranged as yet, Miss Alice Wessa, superintendent, expresses pleasure over the enthusiasm of the children in that regard. After the new addition has been completed, it is the aim of the faculty to start work on a school paper which will be published at regular intervals.
