

N. U. LAUNCHES BIG FUND DRIVE

Plans for World's Greatest Urban School

A campaign for \$5,000,000 to erect on Lake Shore drive at Chicago avenue, Chicago, the beginnings of one of the greatest urban educational plants in the world will be undertaken by Northwestern alumni on October 22, according to an announcement made this week by Robert W. Campbell, chairman of the campaign. Mr. Campbell, who is a member of the law firm of Knapp and Campbell, said that the undergraduates of Northwestern have voted to undertake a campaign on October 8 to raise their share of the fund, and the city of Evanston where the undergraduate departments of the university are located, will undertake a campaign on

October 15 to assist the institution. The campaign in Chicago and throughout the rest of the country will begin the following week and last until November 24.

In a statement announcing the campaign, Mr. Campbell said:
Need \$5,000,000

"The colleges of the country have raised well over \$100,000,000 since the war. It is now necessary for Northwestern to appeal to her alumni and to her friends to come to her support. The General Education Board has promised that if we raise \$1,400,000 for endowment, the Board will give us \$600,000 for the same purpose. This fund of \$2,000,000 is urgently needed. In addition at least \$3,000,000 is needed for new buildings, including buildings for women in Evanston.

"It is planned to devote part of this latter portion of the fund to the erection of new buildings on the Alexander McKinlock Memorial Campus on Lake Shore Drive. Here will be built the Law, Commerce, Dental and Medical Schools of the University, which are at present housed in entirely inadequate and antiquated buildings in two different

sections of the city. It is expected that eventually this new campus will contain one of the finest urban educational centers in the world."

Realtors Would Start Brokers' Law Classes

A Real Estate Law course for brokers and salesmen only was one of the important matters to come before the Evanston Real Estate board at a recent meeting.

Mr. Reeves, an instructor from the Y.M.C.A. school of Chicago, was present and outlined what a course in Real Estate law would cover. The course would be designated to meet the every day needs of real estate men in the making out of legal documents.

A committee consisting of D. C. Malin, Ben Solomon and H. Dyer Bent was appointed to look after the arrangements for such a course and if enough men can be secured to make the work worth while the course will be put on this fall.

NOTICE.

EXPECT GREAT THINGS!

Approach your first drive in the new V-63 Cadillac with great expectations. Let the things which you expect from this car exceed anything which you have previously experienced.

Expect first of all a smoothness of performance that heretofore you have regarded as an ideal rather than an attainable reality.

For such is the major contribution of the new Cadillac V-Type 90° eight-cylinder engine—balanced even more accurately, and perfectly compensated to harmonize with every power impulse.

Expect an even greater degree of driving safety than that for which Cadillac has always been praised.

For Cadillac four-wheel brakes, perfected by Cadillac engineers after long and exhaustive research, provide such added safety.

Expect even deeper admiration from your friends—admiration which must inevitably result from the greater beauty, harmony and artistry of the new V-63 body designs.

For in body styles also, Cadillac has advanced its own superb standards.

Expect all of these things and more. Expect great power, speed and flexibility—greater luxury, ease and comfort.

Abundantly, indeed, will these great expectations be realized in the new V-63 Cadillac.
