

NEW ERA DAWNS IN N. U. DRAMA

Dean Organizes All-University Theater

With Alexander Dean, associate professor of dramatic arts in the School of Speech, in charge of all Northwestern university dramatics, the college year just opening promises to inaugurate a new era in campus dramatic activities.

Mr. Dean, formerly director of the Little Theatre at Dallas, Texas, and a director in George Pierce Barker's famous "47" work shop at Harvard, has just returned from a tour during which he lectured at the University of Michigan and at Petersboro, New Hampshire.

According to plans outlined by Mr. Dean, five campus dramatic groups will unite to form an all University theatre. Included in this theatre will be Prentice Players, Campus Players, Thaliens,

Hermit and Crow and the W. A. A. Besides productions put on by the above organizations, Mr. Dean plans to produce three plays, the casts of which will be picked from the university at large.

A unified system of general tryouts will be used in picking the casts for this year's productions.

A board of governors made up of representatives of each of the five major campus dramatic organizations will, with Mr. Dean, control the plans of this united University Theatre.

How can we expect another to keep our secret if we cannot keep it ourselves.

We confess our little faults only to persuade others that we have no great ones.
