*No Clerk's Desk in This Elegant Lobby*

## *Plan Now for Winter Comfort At The Orrington*

There are still many desirable apartments available in The Orrington where you may winter happily in cozy comfort, free from the usual cold weather irritations.

Picture a snug three-room apartment with a sunny south-east exposure. A beautiful living room in paneled ivory, a bright sun parlor furnished in rose putty reed, a chamber with twin beds, a beautifully tiled bath with both tub, shower and running ice water.

There's real comfort, real happiness in these warm, sunny, attractively furnished apartments. Others of two rooms and single rooms, some with kitchenettes, provide a choice that will meet your every requirement.

The spacious Tudor lounge, the Italian dining room, Pompeian room, gentlemen's clubroom, ballroom, bridge parties, movies, dances and other social activities all add to the enjoyment of your home in The Orrington, where you are convenient to shops and stores, and within 22 minutes of the city.

It will be our pleasure to show you the apartments at any time, and to arrange a happy winter or permanent home for you in this delightful place to live where others do for you the things that are a burden and care.

When you see the accommodations, you will agree with guests that The Orrington is indeed Evanston's most beautiful hotel.
