

CLUBS SEND DELEGATES TO FIRST TENTH DISTRICT MEETING

First Meeting of the Tenth District Tuesday, Nov. 13

THE new President of the Tenth District Federation of Women's Clubs is starting off the year with an unusually helpful program next Tuesday at the Rogers Park Woman's club. She has invited to speak for the morning session all the Department Heads of the State Federation, and in addition the very great pleasure has been granted the District to have with them the New State Federation President, Mrs. George Thomas Palmer, of Springfield. Nothing finer could be arranged for the interested club workers.

In the afternoon there will be entertainment in abundance also. The Rogers Park Woman's Club Quartette has pleased many an audience and always feels an added inspiration when singing to so many of the women who have allied interest in club life.

Judge Hugo Pam has made himself internationally known because of his views and reasoning on immigration subjects and he is going to give that lecture in the early afternoon. Then the audience will again be entertained in a unique reading, "Naturalization," by that fine reader of dialect stories, Mary K. Ames Danny.

Reservations for the luncheon must be in the hands of Mrs. Will Sidney Turner, 1638 Juneway terrace, Chicago, not later than Saturday, November 10. The complete program arranged for the day is as follows:

Skokie Country Club To Open This Winter

LOVERS of winter sports will hope for a snowy season when they learn that Skokie club will be open throughout the winter to hospitably offer many festivities both without and within.

At the present time only a tentative program can be announced, but verified reports which have been received prom-

ise that the club will offer all the sports which naturally ensue as a result of the advent of ice and snow.

A splendid toboggan, one of the finest, if not the finest on the north shore, will be erected, and a ski jump and skating rink will offer a variety of fun. The final decision to keep the club open was made following a dinner held last Tuesday night, at which more than fifty were present. Plans for the winter and holiday season have been most enthusiastically received by over half of the club members.

Carnivals for both children and adults will take place. Guests will be entertained by informal dinners and dancing before enjoying the sports of the moonlit out-of-doors. Two or three formal affairs will occur during the winter months. A formal dinner-dance on Saturday evening, November 24, will commence the season.

Little Folk To Enjoy Song and Story Hour

ON Saturday afternoon at 4, Mrs. Floy Little Bartlett, 821 Foxdale avenue, Winnetka, will give an hour of story and song for children in Lyon and Healey's music hall. Mrs. Bartlett's program will include her "Historical Song Miniatures" that she gave at Ravinia Park last summer on one of the Thursday programs for children.

Bertha Iles of the School of Dramatic Art in Chicago, will offer suitable tableaux illustrating Mrs. Bartlett's stories, using for these the children in her school. Mrs. Arthur Byfield will sing Mrs. Bartlett's songs. The program which will be interesting and well worth while is open to the public without charge.

KENTUCKY CLUB MEETS

The Kentucky Society of the north shore were guests of Mrs. Henry E. Mason of Highland Park at a buffet luncheon Tuesday afternoon. A report of the bridge party given recently at the Orrington hotel, showed that approximately \$300 was realized for educational work in the Kentucky mountains.

If the reckoning of fixed charges and operating costs is accurately kept over the long life of a Packard, it costs you less mile for mile, to drive the Single-Six than cars selling for approximately one thousand dollars less.

These are facts that compel careful consideration. They prove you can gratify your desire for Packard ownership and yet make the soundest possible investment.
