

TALENTED FISK SINGERS COMING

Present Negro Spirituals at Church

The Fisk Jubilee Singers are to appear Tuesday evening, November 27, at the Winnetka Congregational church. For a half-century the university they represent has been training singers in its music department to interpret the old plantation melodies and spirituals and they have appeared and met with success in every state in the Union. They sang, too, in Europe—by royal command before Queen Victoria, and in the courts of continental Europe, returning with enough money to buy the present campus of Fisk university, on a hill overlooking Nashville.

Their songs, which form America's one outstanding contribution to the world's music, originated in the cotton fields in the primitive religious meetings which were held secretly in the woods by the slaves.

More recently Fisk university has given the musical world a great interpreter of these folk songs in the person of Roland Hayes, who, not long since, returned from a most successful European tour and has the distinction of being the first negro ever to become soloist with the Boston and Detroit Symphony orchestras.

Country Day Dramatists to Entertain Mrs. Fiske

The Dramatic club at the North Shore Country Day school had its first meeting of the year Tuesday, of this week, when officers were elected and new members accepted. A three-act play has been chosen, the reading of which will begin directly after Thanksgiving, followed swiftly by the casting of parts and the beginning of rehearsals. Various activities are under way and further increase of membership will come from the work on the play.

Through Mrs. Lynde, chairman of the Dramatic committee of mothers, assisting in the school dramatics, the club is to have the honor of entertaining Mrs. Fiske at the school some time during her Chicago presentation of "Mary Mary, Quite Contrary."

Woolhiser Is Honored by City Manager Body

Village manager H. L. Woolhiser last week was elected vice president of the City Managers' association at the annual convention of the organization held in Washington, D. C.

Mr. Woolhiser is regarded as one of the pioneers in the city manager movement.

Sisters Battle When Husbands Fight in Court

It would not be surprising should Magistrate Mickey of the Wilmette police court decide to go on another duck hunting expedition after this week's business of patching up difficulties in the Keras-Karugtos relationship.

For some unknown reason the two families, comprising Mr. and Mrs. Sam Keras of Lake Forest, and Mr. and Mrs. Euthemias Karugtos of Milwaukee, selected Wilmette as a battle ground, and staged a real feud in the vicinity of the Wilmette confectionery early this week.

Sam and Euthemias claim to be real brothers, though the names would never lead one to suspect such a relationship. Also, Mrs. Sam and Mrs. Euthemias declare they are sisters. Now it appears that Sam is "indebted" to Euthemias to the extent of \$250, a sum alleged to have been appropriated on the latter's wedding day a year ago. Euthemias and his fond wife awaited patiently the opportunity to catch Sam sometime and demand payment. They learned he was to be in Wilmette Monday night, so proceeded to secure a warrant for his arrest before Magistrate Mickey. Local police met Sam at the station and escorted him to a cell in the village goal.

Meanwhile, Sam's wife appears on the scene, encounters Euthemias' wife

(her sister) in the Wilmette confectionery and proceeds to do battle a la Amazon. The police interferred.

On Tuesday Magistrate Mickey fined each of the women \$10 and costs, and ordered Sam to be sent to Milwaukee to answer the charge of having "borrowed" \$250 from Euthemias' funds.

Friendship Circle to Hold Dance, December 11

Friendship Circle, a Community House group comprising in its membership girls who are employed in Winnetka homes, will hold its annual dance at the Village center Tuesday, December 11. The proceeds will be devoted to the Community House fund.

The group recently gave a play entitled "Forming a New Quartet" which was received with enthusiastic acclaim. Friendship Circle, organized several years ago, is growing rapidly and invites all working girls in the village into its membership.

Skokie Music Group Gets its Phonograph

Efforts of the Skokie music group at their concert last year were rewarded this week in the purchase of a large size Edison phonograph for the use of the school. The machine arrived in time to make it possible for the pupils to enter the music memory contest, and is already at work.

Many of the parents have kindly loaned records of the selections on the music memory list. The machine is a laboratory model Edison, and cost \$295. The money raised last spring by the concert was only \$65 and the dramatic class has underwritten the remainder of the expense, for it was felt that in buying a machine which was going to be used in the class in music apprecia-

tion, that it was absolutely essential that the best phonograph available be purchased. After a most careful comparison of all the phonographs on the market, this particular machine was chosen.

HOLD FOOD SALE

The Women of the Christ Church Guild will hold a food sale Wednesday, November 28, from 10 o'clock in the morning until noon, at the Parish House, Oak and Linden streets. It is announced that old-fashioned mince-meat will be on sale and also a large assortment of Thanksgiving delicacies.

GENERAL STREET CLEANING

The Village department of public works is employing every available man in the department on the street cleaning work in the effort to complete the cleaning of all streets before snowfall.

Who Has the Better Bargain— You or Your Packard Neighbor?

Many a man who took a second or third choice car, because he felt he couldn't afford a Packard, later learned that his car actually cost him more than a Packard cost his neighbor.

Everybody is coming to see that to "save" on price is to pay more later—with nothing to show for the money.

The better buyer a man is the quicker he sees that Packard Single-Six is the only car he can really justify on an investment basis.

Figure it out. Packard Single-Six owners get 16 to 18 miles to the gal-

lon of gas. They get up to 20,000 miles or more to the set of tires. Owners of other cars envy them for their freedom from mechanical annoyances. And Single-Six owners know that the gas and oil and tire savings go a long way toward paying the mechanical maintenance needed by the Packard.

The Packard Single-Six is good for many years—and when it is turned in for another Packard it has cost less and given more than any car on the road.

The facts are becoming known—and Packard sales are growing as never before.
