

LOCK UP HOME WHEN LEAVING

Police Kept Busy with Unlocked Doors

Significant in the November report of the Winnetka Police department is the fact that 211 buildings were found open by patrolmen during the night hours. Many of these were private residences, according to Chief Peterson, thus indicating gross carelessness on the part of many householders in the face of repeated appeals from police headquarters for co-operation in discouraging burglars and prowlers by at least taking the ordinary precautions to protect the homes.

Records of the month show 30 arrests for traffic violations, 2 for disorderly conduct, and 2 for violation of the liquor laws.

One burglary was recorded during the month. There were 5 automobile accidents, 211 buildings found open, 24 disturbances suppressed, 2 lost children restored and 36 station complaints, unclassified cases totaling 240.

In the report Chief Peterson states the effectiveness of the new system of auto patrol in the different sections of the village was demonstrated on the evening of November 3, when three Winnetka patrolmen routed prowlers from the Stuart residence at 280 Sheridan road. The miscreants effected escape after a thrilling gun battle with the police.

It is indicated in the report that the largest number of complaints entered by patrolmen, was in buildings found open during the night hours. Chief Peterson expresses the hope that business people and householders will practice greater care in this regard in the future.

New Teacher Added to Hubbard Woods Staff

Miss Edna Oatley, the sixth grade teacher at the Hubbard Woods school, has had to resign on account of her health. Her position has been filled by Miss Dorothy Bishop.

Miss Bishop formerly attended Wellesley college, then graduated from the University of Michigan. Later she took a year at Michigan Agriculture college, and has just this last year taken her master's degree from the university. She has had eight years of experience in elementary and high schools. This past year she has been research assistant in the Psychopathic Institute in Detroit. She comes recommended by Professor Woody of the University of Michigan, who knows the Winnetka schools through personal visits, and who states that she is the sort of teacher who will be a credit to the schools and a help and inspiration to the children coming under her instruction.

Hubbard Woods School Addition Is Completed

The new addition to the Hubbard Woods school, which was just recently completed, was put into use for the first time on Monday, December 3.

The annex consists of four rooms with an office, rest room, and kitchenette, which will be used by the teachers of the school in preparing noon day luncheons. The Parent-Teacher association is furnishing the rest room and library which are expected to be the best equipped on the north shore.

In the past the crowded condition of the school has made it necessary to have only half-day sessions, but the new addition has answered the question of accommodation for all the pupils and the children will now attend school throughout the day.

Congregational Church to Elect New Officers

The Winnetka Congregational church holds its regular business meeting next Wednesday evening at 8 o'clock. The most important business of the meeting is the annual election of officers.

VAUDEVILLE AND DANCE

Children in the upper classes of the North Shore Country Day school gave a vaudeville entertainment and dance in the school gymnasium Friday evening of this week. Funds from the program of events are to be devoted to school activities, it was explained.

"Potash and Perlmutter" Comes as Community Film

"The funniest picture ever produced" is the appellation which is frequently applied to "Potash and Perlmutter," a First National picture

BARNEY BERNARD
and
ALEX CARR
in "Potash and Perlmutter"

produced by Samuel Goldwyn, which will be shown at Community House Friday evening, December 14.

Written by Montague Glass, the famous humorist, it is enacted by an all-star cast which includes Barney Bernard, Alexander Carr and Vera Gordon. Clarence Badger was the director.

PERMITS FOR HOUSES

Elizabeth Prenger has received a permit from the Village to build a home at 1371 Scott avenue in the Chicago North Shore Land Company's subdivision. Other building permits were issued to the following persons: William C. Jorkmann, who will build a house at 945 Elm street, and to George Wood, who will build at 1446 Asbury avenue in the Chicago North Shore Land Company's subdivision.

NEW FRUIT MARKET

The North Shore Fruit Market, a new concern in the village, will formally begin business Friday, December 14, at 812 Elm street. Fruits and vegetables of first quality are promised local householders by the new market.

HIGH SCHOOL TO GIVE XMAS PLAY

Orchestra and Glee Clubs Also Give Program

On the afternoon of December 16, the New Trier High school Girl's club, the Boy's Hi-Y club and the Dramatic club will stage a special Christmas service, which will be free to all the people of New Trier. A Miracle or Nativity play will be presented by the Dramatic club, followed by orchestra numbers and the singing of Christmas carols, which will do much to accentuate the Christmas spirit for those who accept the invitation.

The play is an old one of the fourteenth or fifteenth century dealing with the story of the Eastern star, the three shepherds and the three kings at the scene of the birth of Christ. This play offers an extraordinary opportunity for beautiful scenic effects and tableau staging. This play has become a part of the community celebration in the town of Summit, New Jersey, much as is the Miracle play in Europe.

After the play, which will be presented from 4 to 5 o'clock, a light supper will be served at a nominal fee. Then from 6 to 7 o'clock, after some orchestra numbers, the glee clubs and Chorals will sing a cantata, "The Story of Christmas," by Matthews. Miss Irma Moschell of the New Trier faculty, a highly trained singer, will be one of the soloists, as will also Ridgeway Daggy, a New Trier student, and Miss Barbara Waite, a singer of high repute. Following that, the Christmas carols will be sung.

The school organizations which have taken up this affair, including its financial and working responsibilities, are doing it for the benefit of everyone in the north shore community, and a record attendance is anticipated.

BUYS SOUTH END PROPERTY

Herman Tergenheimer has purchased the 133 by 140 feet of vacant property on Winnetka avenue, west of Warwick road, in Winnetka, from William Pempel for an indicated sum of \$50,000. It is said the property will probably be improved with an attractive commercial structure, although no application for permit was made this week.

Goodspeed Lectures Win Wide Acclaim in Village

The auditorium of Christ church Parish House was "packed to the doors" Monday evening of this week upon the occasion of the second of a series of Advent addresses by Prof. Edgar J. Goodspeed of the University of Chicago, translator of "The New Testament—An American Translation."

The addresses are attracting village-wide attention and Christ church is considered very fortunate in securing Prof. Goodspeed, since it is a well known fact that he has cancelled scores of speaking engagements in the past several months, since his work, now published serially in many daily newspapers, created a distinct sensation upon its appearance last summer.

For Monday evening, December 10, Prof. Goodspeed has chosen the subject, "The first putting of the Greek New Testament into English." The meeting starts promptly at 8:15. Every resident of the village is cordially invited to attend the lecture.

MUSINGS OF A TELEPHONE GIRL

The way a man acts when you give him the busy signal gives you a pretty good idea what kind of a fellow he is.

Kind words don't cost any more than mean ones.

Children Delighted at Marionette Performance

About 400 children gathered in the Jane Kuppenheimer Memorial hall at the Skokie school Wednesday afternoon, December 5, to see Tony Sarg's Marionettes.

The program began shortly after school session and continued until nearly 6 o'clock and was an excellent entertainment throughout.

Paul Heinsen, Realtor, Is Injured in Fall

Paul Heinsen, of Heinsen and Clark, Winnetka realtors, received painful injuries Sunday, December 2, when a ladder on which he was standing while erecting radio apparatus at his home in Evanston, slipped and precipitated him to the floor.

Mr. Heinsen has been confined to his home throughout this week.

HOW PURE
Is Your Drinking Water?
There is no room for doubt if it's

CHIPPEWA

NATURAL SPRING WATER

The Purest and Softest in the World

SOME people argue that because water is "fit to drink" it must be pure. Others are as careful of the water they drink as the food they eat. There is yet to be found a natural spring drinking water more pure than Chippewa.
