

# WOMEN'S CLUBS ENGAGED IN THE SALE OF CHRISTMAS SEALS

## Husbands To Be Enlightened as To How Woman's Club Is Run

WHAT and why is a Woman's Club? What do they do anyhow? How does the lady chairman act, and do they all talk at once? These any many other questions have often puzzled the male population, and in their conceit the men have sometimes dared to smile when Woman's Club affairs are mentioned.

Now they will be shown, and no doubt made ashamed of themselves. The women have been kind enough to invite the men, all the husbands and brothers, to a special meeting of the Catholic Woman's club of Wilmette, the evening of Wednesday, December 12, at the Wilmette Women's Club House, at 8:00 P. M. Let the men take note of the time and place, and have no engagements or excuses for this particular evening, for who knows, this may be their one and only chance to see a Woman's Club in action. And they will learn just how to give a Club entertainment. Indeed they will be indebted for a treat of excellent music and perfect hospitality.

One of the very best programs has been arranged for their special benefit. Mr. Milan Lusk, a noted violinist and a resident of Wilmette, will be the really big feature of the program. Mr. Lusk has won fame as an artist, and local people will welcome this opportunity to hear him and show their interest and appreciation for one of their own town people who has achieved success. The mere fact that the men will be allowed at a meeting of the Woman's club and have a chance to spend an evening in the brilliant company of the attractive and talented members of this club is enough to make these same men very happy and well satisfied. But the women will not keep all the good things for themselves, so the men will be entertained in excellent style. Other artists have been loaned by the Duo-Art Company to embellish this program, and make the evening a noteworthy musical feature.

The committee want a very large gathering to greet the men and honor the exceptional artists on this program. It is very important that every member come and bring the men, and give them a great surprise, as well as a good entertainment, even if they don't deserve it.

## Active Preparation for Glencoe Fire-Side Sale

FOR the Fire-side sale to be held December 15, material has been assembled from the Canadian border to Mississippi, from the mountains of Kentucky, from New England to California, from Hungary, and from China.

The women of the Nature committee of the Glencoe Woman's Library club have been at great pains to gather together objects that are unusual and not readily obtainable. The idea has been to procure unique remembrances that will carry the Christmas spirit better perhaps than expensive gifts.

The sale will be held around the grate fire at Hawthorn school, Glencoe, and an atmosphere of New England and the Olden Times will prevail. The committee has been much more interested in the social side of the occasion and in the development of quaint and novel ideas for the enrichment of the home than it has been in the profit to be made. The sale, which will commence at 2 o'clock in the afternoon, will continue until 9 o'clock in the evening.
