

INVITE WINNETKANS TO WATCH SERVICE

A special service in observance of the advent of the New Year is announced for the First Scandinavian Evangelical church, 886 Elm street, on Monday night, December 31.

The program will begin with a Bible class session at 8:30 o'clock to be followed by a social gathering in the basement of the church.

Beginning at 11:30 o'clock and continuing until midnight, the congregation will observe a devotional service. The entire community is cordially invited to this observance of the dawning of the New Year.

The Scandinavian church will hold its New Year services Sunday morning at 10:45 o'clock, with congregation and Sunday school combined. The Young People's society will hold its regular meeting at 5 o'clock, the subject of discussion being, "Spiritual Inventory."

On Sunday evening Rev. Reuben Johnson, a recent graduate of Moody Bible Institute and associate pastor of the Scandinavian church, will preach the sermon. This will be Mr. Johnson's last appearance before the parish since he expects soon to leave for service in another locality.

Wigmore Ready With Lectures on League

Dean John H. Wigmore of Northwestern University Law School is now ready with his lecture on "The League of Nations—Its Organization and its Work." This lecture represents the results of his observations during his sojourn at Geneva last August and September. It is not controversial nor argumentative, but merely descriptive. Its unique feature is that it presents a set of nearly 100 colored lantern views illustrating all aspects of the League's work. These slides have been prepared for Dean Wigmore in Chicago since his return and are the first attempt to describe the League in lantern pictures. They include views of the Council, the assembly, the committees, the expert commissions, the international conferences, and facsimiles of many interesting and important documents not yet published, including correspondence from the American State Department.

Engagements for January thus far made include: January 5, University Club of Evanston; January 18, College Y. M. C. A., Law School Branch (for Law alumni); January 22, Cleveland Bar association, and the Lindgren Peace Foundation at Harris Hall, for a date not yet fixed.

Sell Glenview Property For Golfing Purposes

One hundred and thirty acres of land at the southwest corner of Shermerville road and Glenview in Glen-

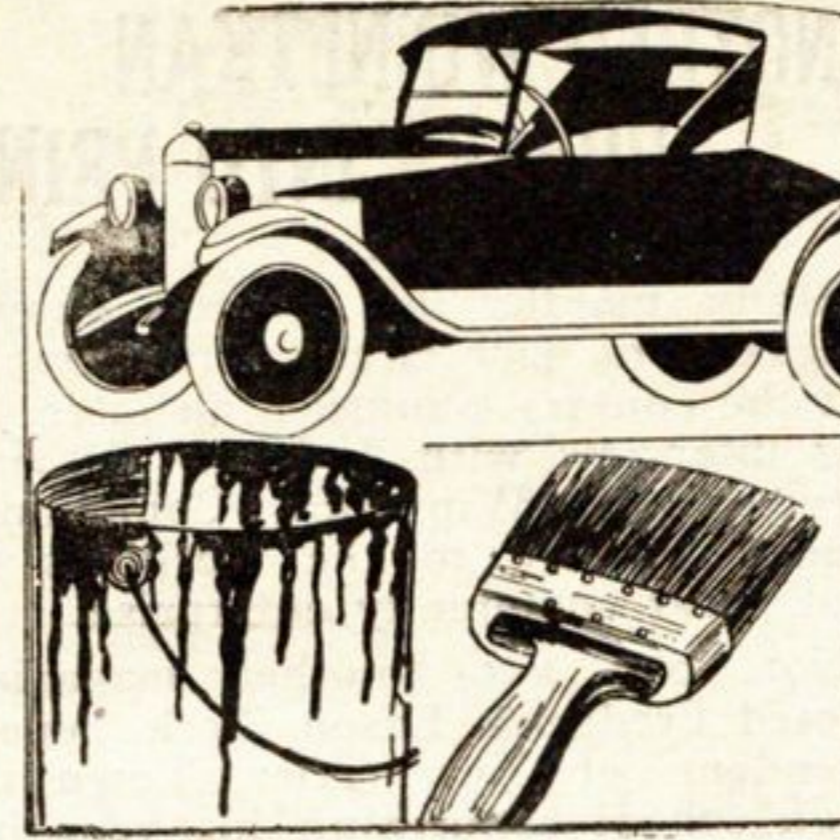

view, have been sold by William Huer and Sophia Ranz, both of Glenview. John F. Hahn, Evanston realtor represented all parties. The purchaser and consideration were not disclosed. Mr. Hahn stated the acreage will be used for a golf course.

While the giant passenger ship Leviathan is tied at its New York docks its 600 telephones are connected with a pier switchboard through which occupants of any of the liner's staterooms can make connection with any of the 14,000,000 other telephones throughout the whole nation.

YOU can't tell a thing about it—the weather man might be right this time. Don't let the cold wave catch you with an empty coal bin. In times like these prepare not to freeze, but stop and seize—this coal opportunity—good coal for the price charged for near-coal.

IF YOU CANNOT AFFORD A NEW CAR BODY

the next best thing is to have us paint you a new one over the old one. You may say, "It cannot be done," but we have proved to many other car owners that it can be. The selection of our paints and finishes and our special skill do the work.

North Shore Basketeers Put In Stiff Practices

The basketball squad of the North Shore Country Day school apparently has little interest in vacation opportunities if one may judge by the schedule of practice games for the holidays.

The boys are on the job early each morning for the daily workout and prospects are bright for some real battles hereabouts after the resumption of classes following the Christmas vacation.

Although losing some of her best men by graduation, the North Shores are confident of appearing on the floor with one of the best school teams in this vicinity.
