

Proposed Club House at Sunset Ridge

Contracts are being let and work is expected to be started in the very near future on the club house of the Sunset Ridge Golf course west of Winnetka. The club house, as shown by the accompanying picture, is a low, rambling story and a half structure of timber and stucco. All modern conveniences necessary to complete a first class club are provided. The lounge which occupies the north section of the building is a large, spacious room with a large fireplace and surrounded on two sides by a wide, open screened porch which

commands an unbroken view of the course. Adjoining the lounge and the porch is a handsome dining room adequate to take care of its membership. The men's locker room is the main feature of the club, it being designed in the form of a "Y," bath accommodations in the center are accessible to all the lockers. The design of the locker room affords excellent ventilation and light in every corner of the room. Adjoining the men's locker room will be a men's grill. The women's quarters will consist of dressing rooms, locker rooms and bath accommodations. The

building is being planned and designed by S. S. Beaman, architect, and the work and construction is being handled by R. D. Huszagh, architect.

The club's membership of 250 is full. The financial condition of the club is reported to be in a very satisfactory condition. The golf course is finished and the formal opening of the club house and grounds is expected to be held on Decoration Day. Many compliments have been received from professionals and well known amateurs on the course and there is little doubt but that Sunset Ridge will be a fortunate addition to the number of championship courses in and about Chicago. The annual meeting of the membership of the club was held a short time ago at which time the same directors and officers were elected for the ensuing year.

RADIO JAZZ

On the night before Christmas I was working hard
 On many a Christmas and New Year's card
 (One of which I am sending you.)
 Doing my best to clean up and be through;
 I was tired and weary and sleepy, but then
 There was much more to do—I "ken,"
 'Twill possibly brace me to lean back in my chair
 And catch some sweet music out of the air
 Which is quite possible in these days you know
 If you're the happy possessor of a good radio;
 I know the name of mine but to its work I am partial
 ('Twas bought in Winnetka, from C. W. Marshall.)
 Compared to some others, 'tis priced very cheap
 For the stations I get, they sure are a heap;
 Now I'm alone I'll make a quick test
 And see which "Broadcaster" I like the best;
 Soon I had Davenport, Denver, Des Moines, Kansas City
 KYW, Chicago with its songs quite witty,
 Milwaukee, Memphis, Minneapolis, Omaha, Nebraska;
 (I have not as yet tried for Alaska.)
 Troy, Lockport, New York, Pittsburgh, Cleveland,
 Board of Trade broadcasting the Salvation Band;
 Fort Worth, Dallas, Detroit, Washington,
 Elgin, Schenectady, Buffalo, Newark and Boston
 The Drake Ensemble with its Blackstone quintette
 The sweetest by far I have picked up as yet;
 Two Philadelphias then caught my attention
 And several others whose names I won't mention;
 When in came a quartette with harmony rare
 And an Angelic Voice singing "Beautiful Isle of Somewhere"
 'Twas WCB D Zion with songs and music sweet,
 Oh you listeners in that was a rare treat;
 There is no need of trying for further test,
 WCB D Zion ensemble leads all the rest.

BEHAVIOR COUNCIL

Pupils assume responsibility in matters of behavior at the Gordon School, Cleveland. A "behavior council," consisting of a representative of each room in the school, formulates whatever rules it considers necessary for safety and order. Guards elected by the pupils enforce these rules, and in cases of extreme misbehavior the teachers may be consulted.

Of Interest Only to Our Advertisers

To-day we draw up a new Full-Page Roll of Honor.

Our 1923 Roll was a long one. During the year dozens of our most prominent and successful merchants published Full-Page Ads. These advertisements have made them more prominent and successful. We are glad to know that we are having our part in the growth of the North Shore communities.

The 1924 Roll will be a longer one. Increase in population, enterprise, and civic spirit will make it necessary for more business institutions to tell their messages in more attractive, more commanding form. As our commercial enterprises become metropolitan in scope, they will need FULL-PAGE ADVERTISEMENTS.

Why is it colder high in the air?

—because the earth has absorbed a supply of heat from the sun. The farther one goes away from this heat, the colder the air becomes. How balmy the feeling of
