

# VOTE AGAINST RAIL SWITCHES

### Indian Hill Residents Go on Record for Elimination Through Village

### FAVOR NEW P. O. PLAN

### Receive Promise of Better Rail Service

The residents of south Winnetka went on record Monday night of this week as emphatically opposed to any change in the present switch track facilities in the village which might lead to their relocation in south Winnetka.

This action was taken at the regular monthly meeting of the Indian Hill Improvement association, the session being one of the most largely attended of the year.

Village Trustee Tenney was present at the invitation of the officers of the association and gave a very complete and interesting exposition of the grade separation plans for the village, showing why some changes may become necessary under these plans in the present switch track facilities in the village. He stressed the importance of an early decision on the point, stating that further progress in the whole separation program is blocked until the problem is settled.

#### Want Switches Eliminated

Following Mr. Tenney's talk resolutions were offered and unanimously adopted placing the association on record as favoring the complete elimination, if possible, of the switch tracks from the village—when the grade separation plan is put into action and setting forth the unalterable opposition of the association to any move which might lead to relocation of switch tracks in south Winnetka.

The fact was strongly stressed in the comments leading to the action, that Winnetka is now and must continue to be primarily a residential community with business and industry an incidental factor. That being true, it was pointed out, the residential interests of the community, numerically far in the majority, must be the controlling interests, and any action such as expansion of the industrial area, change or addition within the village to switching area, etc., must be construed as detrimental to the best interests of the village.

#### Favor Post Office Plan

A number of other important business matters were discussed and action taken. Resolutions strongly endorsing the move to obtain a better post office were passed and the secretary of the association instructed to forward them to the local representatives in Congress. The Transportation committee reported that it had been in conference with officials of the Chicago and North Western railway and obtained from them assurances of improvement at an early date in service at Indian Hill.

### Marywood Girls Defeated by Country Day Quintet

On Saturday morning, February 17, the North Shore Girls' team defeated the Marywood girls 12-10. The game was close from the start, the score at the end of the half standing 7-7. Marywood was unfortunate in that they had not been playing by Spaulding's Official Rules and so did not understand all the fouls that were called. All decisions were taken in good spirit, however. On the whole, it was an extraordinarily good game, showing the girls of both teams to be slightly deficient in passing and speed.

## TIME TO PAY THOSE LICENSE FEES—CHIEF

*Editor's Note: WINNETKA TALK passes on to the residents of the village the accompanying notice from Chief of Police Peterson, relative to payment of vehicle, dog and other license fees now past due.*

VILLAGE OF WINNETKA  
Department of Police  
Feb. 21, 1924.

To the Public:

Your attention is called to the provisions of the Municipal Code requiring that local vehicle licenses and dog licenses be renewed on January 1.

Our officers report that a considerable number of motor vehicles in the Village are not displaying the Winnetka 1924 license plate and it therefore becomes necessary to require that such licenses be secured not later than March 15th without exception.

It is also necessary to require that all dogs be provided with collars with 1924 tags securely attached not later than March 15th. All unlicensed dogs found on the streets after that date will be impounded, and if not redeemed within four days thereafter will be disposed of as required by Section 211, Chapter 14 of the Municipal Code.

Please co-operate with us by observing the foregoing regulation.

Yours very truly,  
W. M. PETERSON,  
Chief of Police.

#### HEARING ON ZONING

The Board of Appeals on Zoning has called a public hearing for Monday evening, February 25, to consider the matter of proposed changes in designation of property at Chestnut and Spruce streets and on Center street. The hearing is set for 8 o'clock at the Village hall.

## Meet at Luncheon Here to Start Optimist Club

Several Winnetka business men attended a luncheon at Community House Thursday of this week at the invitation of organizers of a prospective Winnetka Optimist club, as a unit of Optimist International.

The Optimist movement comprises luncheon clubs for business and professional men which have the purpose of promoting good fellowship, fostering community betterment projects and being Big Brothers to boys.

## \$1,000.00 to Give Chicago the Best Sundae

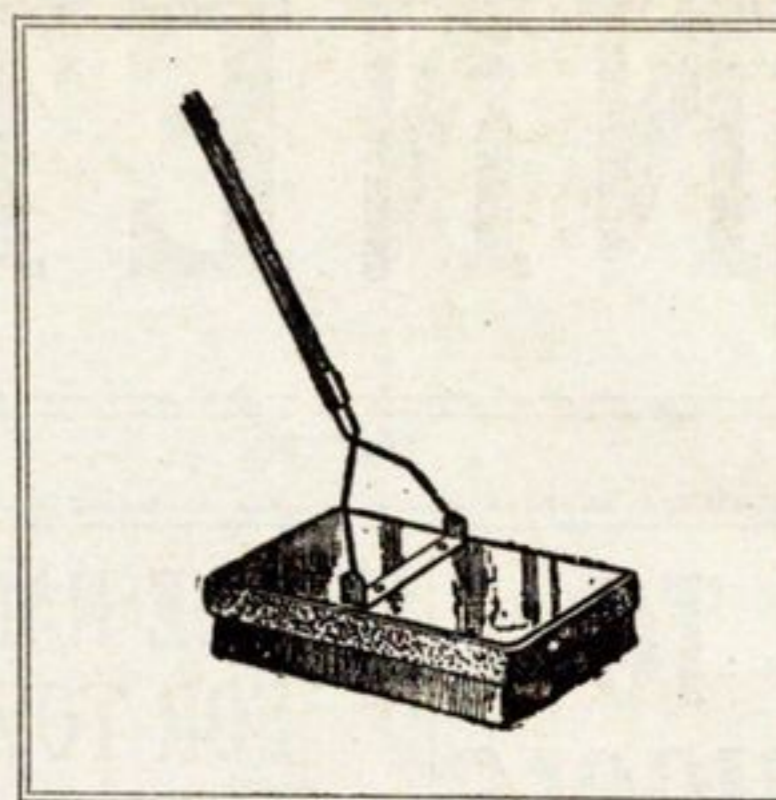

Can you give us the recipe for this new best Sundae? We'll give One Thousand Dollars in Gold to the person who does.
