## Assume Active Interest in Seminary Fund Campaign

Members of the Winnetka Congregational church participated in the dinner and meeting at the Hotel La Salle Friday, February 15, which formally launched the campaign of the Chicago Theological seminary for one million dollars.

John R. Montgomery of Hubbard Woods, a member of the Winnetka church, who is campaign chairman for the entire city presided. The Winnetka representatives with those from other north shore communities made an impressive delegation when each section was called to stand.

### \$200,000 Is Subscribed

Mr. Montgomery announced that \$207,136 of the fund had been subscribed. Among the gifts making up that sum was \$3,000 from the seminary students, all of whom are self-supporting. Ninety-five per cent of them contributed to this gift.

As the seminary is the only one in the United States under the direct control of the Congregational church, the members of that denomination in Winnetka and elsewhere are taking an active interest in the movement to provide additional buildings and endowment. The campaign will close March 14.

Dr. Ozora S. Davis, president of the seminary, who spoke at the Winnetka church Sunday, February 17, was the principal speaker at the Hotel La Salle dinner. He told the gathering that "no nation is better than its religion, no religion is more dynamic than its churches, no churches better than their leaders and no leaders better than the institutions in which they are trained."

He declared that the record of the seminary for the next ten years would be determined during the next thirty days.

Among those present from Winnetka were: Mr. and Mrs. J. W. F. Davies, Mr. and Mrs. Merritt Lum, Mr. and Mrs. Edward P. Farwell, Mrs. John R. Montgomery, and John R. Montgomery, Jr.

# A RECORD WINTER

This winter has proven a record breaker for extreme temperatures and disagreeable conditions. Hands are easily chapped in these cold February blasts. However—chapped hands are a needless discomfort since we have just perfected a formula for lemon hand lotion which keeps the hands in perfect condition.

This lotion has the active ingredients of an ordinary lotion combined with the juice of real lemons which acts as a cleanser and removes imbedded dirt.
