

SEEK LAW FOR TOWNSHIP ZONE

New Trier Leaders to Appeal to Legislature

Plans to secure state legislation making it possible to effect zoning regulations protecting New Trier villages against establishment of undesirable buildings on township properties lying beyond the corporate limits of the communities, were started Tuesday evening of this week at a meeting in Winnetka of the Township Zoning commission.

The session, attended by the various village presidents and village attorneys, discussed the possibilities of securing legislation to enable the villages to control subdivision and building developments—including types of buildings—in the sections not included within the limits of the incorporated towns.

Action in the matter was taken through the appointment of a committee comprising the village attorneys, and with F. B. Crossley of Wilmette as chairman, to investigate the possibility of securing the passage of a state law giving municipalities power to control development of properties before annexation. The committee was also asked to make a study of legislation now in effect in other states and render an opinion and report at a subsequent meeting of the commission late in March.

H. L. Woolhiser, Winnetka village manager, was requested by the commission to get in touch with the Illinois Municipal league to ascertain whether other municipalities confronted with similar problems would be willing to cooperate in getting help at the next session of the legislature.

At present there is legislation providing that a Plan Commission in a municipality shall approve plats of layout of alleys and streets in contiguous territory, but cannot control the size of lots or type and character of buildings.

Railroad Employe Struck by Train Wednesday Night

Tony McNichols, 137 S. Green Bay road, Highland Park, a car sweeper for the Chicago and North Western railway, was seriously injured Wednesday evening of this week when he was struck by a north bound train at the Elm street crossing.

McNichols had been walking along the platform, according to a witness, and suddenly disappeared as the train approached. His unconscious form was found lying at the crossing after the train passed through. He was attended by local physicians and later removed to the Evanston hospital where his condition was reported as precarious. He suffered severe cuts about the head and internal injuries.

Winnetka Girl Is Named to High Place in Y.W.C.A.

Dorothy M. Sharf of Winnetka, a senior student at Northwestern university has just been appointed a member of the Finance committee of the National Y. W. C. A. in charge of the Middle West states.

This is one of the most important enterprises of the organization in connection with its policy to increase the efficiency of the Middle West colleges.

Religion of Children Is Subject of Radio Talks

Miss Edna Dean Baker, president of the National Kindergarten and Elementary college, Chicago, gave the first of a series of three radio lectures on the religion of the little child, from station KYW, Chicago, on Sunday afternoon, February 24. Her topic was, "The Religion of the Child in the Home," and this will be followed by a talk on "The Religion of the Beginner" to be given at the same hour on Sunday, March 2, and the third, "The Religion of the Primary Child," will be given March 9.

Mothers who are interested in the religious development of the little child are eager to do all they can to further it, as well as those who contend that the little child has no religion, should gain much from this series, it is pointed out.

Todd Cagers Drop Game to Country Day Players

North Shore Country Day school continued its winning streak and defeated Todd at Woodstock last Saturday 14-12. On the tip-off Todd scored first, but for the remainder of the half failed to ring another point, while North Shore sank three baskets in this period.

At the end of the third quarter, however, the Todd quintet has brought the score up to 8-all. In the last quarter North Shore took a sprint and got six more points in rapid succession. Todd threw two more baskets in this period thus ending the game 14-12. Some dissatisfaction was expressed over the work of the officials, but on the whole it was an interesting and hard-fought game.

Here Comes Our "Hans" Lookin' for Speeders

John Hanselman, Winnetka's motorcyclist de luxe, scented the Springtime in the atmosphere this week and prepared to resume his well known activities on the high and by-ways of the village.

It is felt only just and proper that the motoring public be informed of Mr. Hanselman's plans in order that there may be no alibis concerning the why and wherefore of the much dreaded yellow slip.

There will be the usual temptation to "step on the gas" when the winter's snows have disappeared, but, alas, Hanselman has decided to deprive our gay motorists of that pleasure.

Hooray for Hanselman, we guess not!

You Can Pay Taxes Now at First National Bank

Tax bills for 1923 were mailed to taxpayers in New Trier this week and Township Collector King has opened offices in the First National Bank of Wilmette prepared to receive the annual "contributions" of the citizenry of the township.

There has been considerable delay in sending out tax bills due to a change in system whereby the bills are sent from the county offices.

Taxpayers are urged to pay at the local office in the First National Bank of Wilmette. Payments must be made here before March 15 when the books are closed.

Lutheran Mission Groups to Hear Lecture on China

Mrs. Lawrence Meyer, a missionary stationed at Hankow, China, will give an illustrated lecture Wednesday afternoon, March 5, before the Woman's Missionary society of St. John's Lutheran church. Mrs. Meyer is on leave with her husband, a well-known Lutheran missionary at Hankow.

Lutheran women's missionary societies of Evanston, Glencoe and Highland Park will be guests of the Wilmette society at this lecture.
