

LAUNCH FIGHT IN ANNUAL TOWN BALLOT

(Continued from page 1)

Want Greater Efficiency

The Good Government League, on the other hand, while indorsing the candidacy of two incumbents, feels keenly the necessity for a change of stewardship in the other offices. Citizens sponsoring this ticket want to see "new blood" in the offices of assessor, collector, highway commissioner and constable. They heartily endorse the candidacies of Gertrude M. Thurston (incumbent) for township supervisor, and of Margaret S. Pierson (incumbent) for township clerk.

Certain definite planks have been nailed into the platform of the Good Government league stressing the necessity of economy in the conduct of township affairs, equality in taxation, lower taxes, service and courtesy to the people in doing the most amount of work for the least amount of money expended, or, a maximum of work at a minimum of expense, and efficiency in all offices of the township. The league asks the voter to ballot "for this ticket in order to secure your rights."

The Good Government ticket includes:

- For Supervisor No Candidate.
- For Clerk No Candidate.

Aligned against that ticket is the Citizens ticket as follows:

- For Clerk Margaret S. Pierson (incumbent)
- For Assessor George R. Harbaugh (incumbent)
- For Collector Sanborn Hale
- For Highway Commissioner Herbert H. Sherer (incumbent)
- For Constable Edward J. Mau
- For School Trustee Charles W. Hubbard.

Only a short time remains before election day but the fight is on and promises interest right up to the count of the last ballot.

COLLECT \$750,000 IN NEW TRIER TOWN TAXES

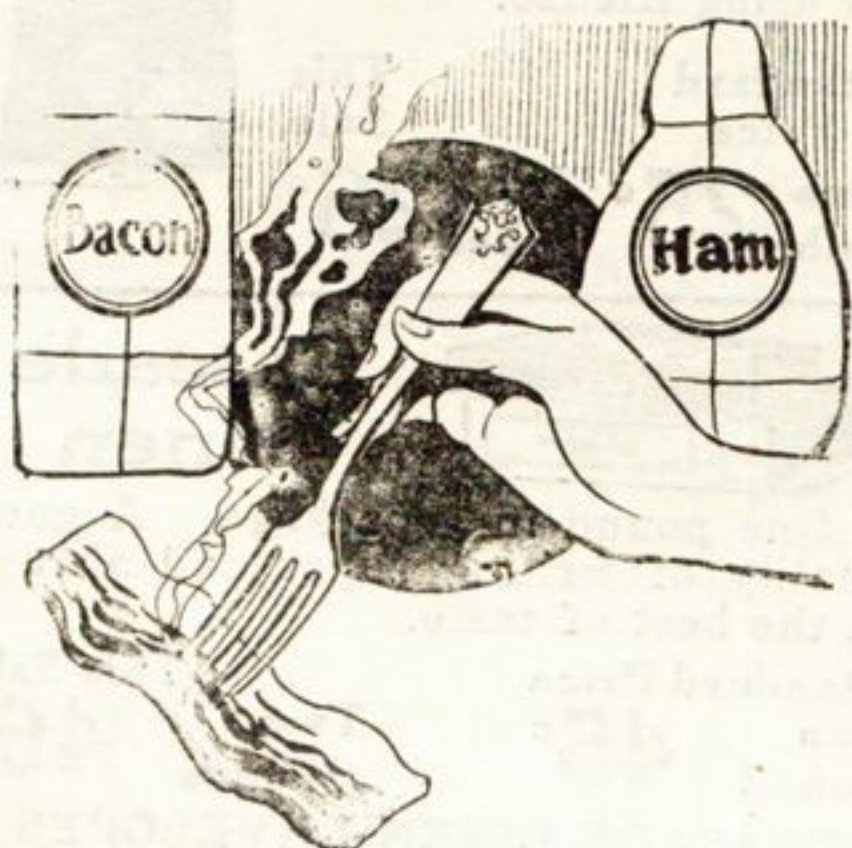

The largest collection of taxes ever recorded in New Trier township was completed this week when Collector Hoyt King announced the total as \$750,000.

This year's figure is larger by \$120,000 than that of last spring and is a remarkable tribute to the promptness of the New Trier taxpayers, since the tax books, because of unavoidable delay in the county offices, were in the hands of the collector for a period of only about ten days.

The showing in the township is particularly gratifying in view of the fact that taxes paid to the local collector are immediately available for the various departments, while after the collections are transferred to the county collector's office, the money is no longer available for immediate use until settlements can be adjusted and prorated to the separate divisions. This causes a delay and adds to the expense of collections, besides depriving the community of the use of interest accrued on money credited to the township.

Francis Parker Five Gets Revenge on North Shore's

In the last game of the season Francis Parker school, previously defeated by the North Shore Country Day team, reversed the situation in their own gym. The first half found North Shore at the little end of an 18-8 score due to Parker's unusual ability to toss long baskets. In the second half the North Shore team, having caught the Parker style of play, came back and, although outscoring their opponents that half, failed to win. The final score was 29-20, the Parker boys having made all their points but 3 on long shots.
