There was an interesting meeting held at the home of Mrs. Burt A. Crowe, 234 Raleigh road on Tuesday afternoon, the purpose of which was to stimulate interest in the United Thank offering for the care and support of missionaries at home and abroad.

Mrs. Ernest Ballard, of Winnetka, gave a talk on the spiritual value of the United Thank offering and urged the women present to become not merely contributors but to give their own personal influence to it; to feel that it is worth while to see personally every woman whom they could reach, for the sake of the help which this mite box will bring to each one, even more than the help which one will give to the cause. The work of the United Thank offering is helping to train the women of the church to give, and there is nothing that so surely leads towards spiritual growth as that does, or to help in a very real way to stir and strengthen the currents of spiritual life in the church. The woman who is influenced to give in this way is not only helped in her own soul, but she grows inevitably in the interest in the church work. There will come to her a new realization of what the church is, and also of her own responsibility for the carrying out of the church's mission.

In 1889 the United offering was \$2,188.64, and in 1923 it was \$681,145.09.
