

BIG AWARD IN ESSAY CONTEST

Girls Offered Free Trip to Capital

The Women's Overseas Service league composed of women who served overseas during the World War have interested themselves in the procurement of candidates to attend the Citizens' Military Training Camp and announces, through the War Department, a National Prize Essay Contest for young women between thirteen and nineteen years of age. They especially desire that all young women who can possibly do so, enter this contest with spirit and zeal, first by informing themselves on the subject of Citizens' Military Training Camps and then by placing into written expression their ideas on the question of training the youth of the land. The award is a free trip to Washington, D. C.

Orphanage Benefit Gives Promise of Big Success

Tickets for the Protestant Orphanage benefit to be given in Winnetka Wednesday, May 14, are now being distributed by all the Circles in the village and it is expected that a large attendance will be the result. Cards and Mah Jongg will be played at Community House.

This benefit is to help toward the purchase of buildings and equipment needed for the farm near Palatine recently secured for the orphanage and which, when completed, will care for many more children than can be accommodated in the present Chicago home.

Every woman in the village is invited to help by taking a ticket and it is desired to have those who can do so take care of one or more tables.

Oh Man!

How raw your face feels after shaving. A great many men shave themselves and a large number of these men have never found a good after shaving lotion. If the beard is a little heavy or tough, your face will be raw and smarting after the shave, regardless of the kind of razor or shaving soap used.

We have a lotion which we started making in mid-winter and recommended for chapped hands. During the last month we have been selling about as much of the lotion to men to use after shaving as we had been selling for chapped hands. It's good, men, and will quickly and effectively relieve a smarting face. A three ounce trial size for twenty-five cents.

ARRANGE MOTOR COACH TOURS TO THE DELLS

Members of the faculty of Northwestern University and their families already are planning for early summer and, later, for longer vacation tours in the picturesque lake region of Illinois, Michigan and Wisconsin. One of the latest plans to attract the favorable attention of educators and their families is a series of special coach tours which are now being organized by the Chicago, North Shore and Milwaukee railroad. During the summer students of botany, geology and related topics love to ramble about and study Nature first-hand. The professorial instructor also delights in the "open" and is making similar plans; and, apparently, so is his family.

A bulletin states that the first of Chicago educators' special motor coach tours to the dells of Wisconsin is to cover three days, starting May 30 and ending the following Sunday. The start is made from the main North Shore line station in Chicago at 8:30 o'clock but the N. U. coterie will be picked up at a convenient spot in Evanston. The route lies along the north shore through Wilmette, Kenilworth, Winnetka, Glencoe, Highland Park, Lake Forest, Kenosha to Lake Geneva where there will be lunch; then on to Madison where there will be a boat ride on Lake Mendota and thence to The Dells via Devil's Lake, Baraboo and Kilbourne. The trip back will be made on Sunday in a leisurely fashion. The coach to be used be one of the latest-pattern North Shore line motor coaches which is as comfortable as a private automobile of the finest grade. There will be a capable manager and guide.
