**N. U. Girl Athletes to Give Play at Winnetka**

The Woman's Athletic association of Northwestern university will present "The Three Twins," at Jane Kuppenheimer Memorial hall, Skokie school, Winnetka, on May 16 and 17. This is a musical comedy of twenty years ago and will recall to mind the famous "Yama, Yama Man" song. W.A.A. is flattering the good old cake walk with a special chorus. The costumes, however, are all very modern and have been designed and executed by students. There will be enough local color to make the performance interesting to all north shore people, it is promised.  
Skokie school has an excellent auditorium with good stage effects.

**High School Journalists Told About News Editing**

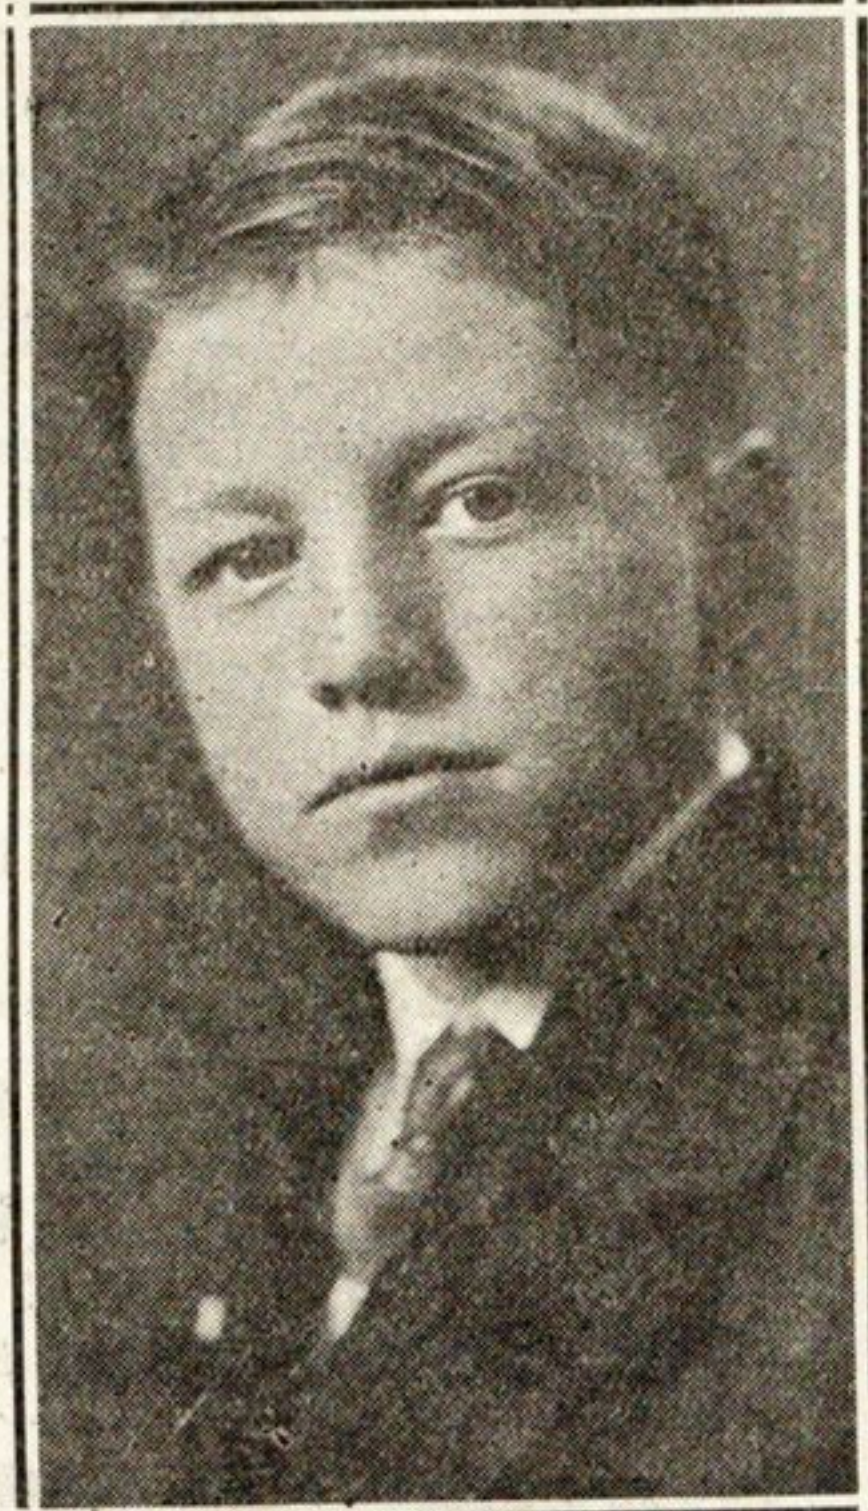

John Roos, of Winnetka, and Daniel Brower, of Wilmette, editor and business manager, respectively, of the New Trier News, official student organ at New Trier High school, attended sessions of the Mid-West Interscholastic Press association at Medill School of Journalism, Northwestern university, Saturday of last week.

Dean Harrington of the Medill School of Journalism was the principal speaker at the conference, offering suggestions to the youthful journalists regarding the most approved methods of editing and publishing scholastic journals.

Round table discussions and a luncheon served at one of the campus fraternity houses concluded the conference.

**EAGLE SCOUT**

Frank Watt Wins Coveted Honor

Scout Frank Watt of the Kenilworth Troop has won the coveted honor of Eagle Scout by passing all of the necessary merit badge tests in addition to the requirements which he fulfilled to become a First Class Scout. In order to pass to this high rank much application and a tremendous amount of work is required.

Frank is the first Kenilworth Scout to achieve this honor. He has now set a pace for other troop members to follow. Some of the merit badges require six months or more of conscientious work, and they cover widely divergent fields, so that it will be readily seen that the honor indicates a superlative effort. Scout Watt says that he is going right ahead and win more merit badges in an endeavor to garner more honors than any scout north of Evanston.

He is the son of Mr. and Mrs. Frank Watt of 338 Melrose avenue, Kenilworth.

Linus Smith of Wilmette made the Eagle Scout rank a few weeks ago.

**New Trier Band Wins 2nd Place in Tourney**

Five years ago, we are told, the New Trier Township High School band "could scarcely play a note." Last Saturday that group of youthful musicians, under the able direction of Director Schumacher, came within five points of capturing first place in the annual state high school band tournament at Joliet. The band representing Joliet high school won first honors with a score of 92 and New Trier followed with 86.6.

New Trier's contingent left Indian Hill at daybreak Saturday morning, clad in their full regalia of green and gray uniforms, acquired for them by means a fund campaign conducted recently by Lloyd Hollister, Inc., and arrived at the Joliet high school gymnasium in time for the opening event of a busy day of playing. At the scene of the tournament they were greeted by seven competitors and the contest began in earnest before the morning had been well under way.

At New Trier's turn to play, the band arose as Director Schumacher entered, this bit of a tribute and ceremony exciting lively applause from the large gathering of spectators. Although unable to take first

honor, the band was congratulated by Director Schumacher upon its excellent showing. The award for second place comprised a bronze shield and a medal for each member of the band.

A procession of the combined bands was an incidental feature of the tournament.

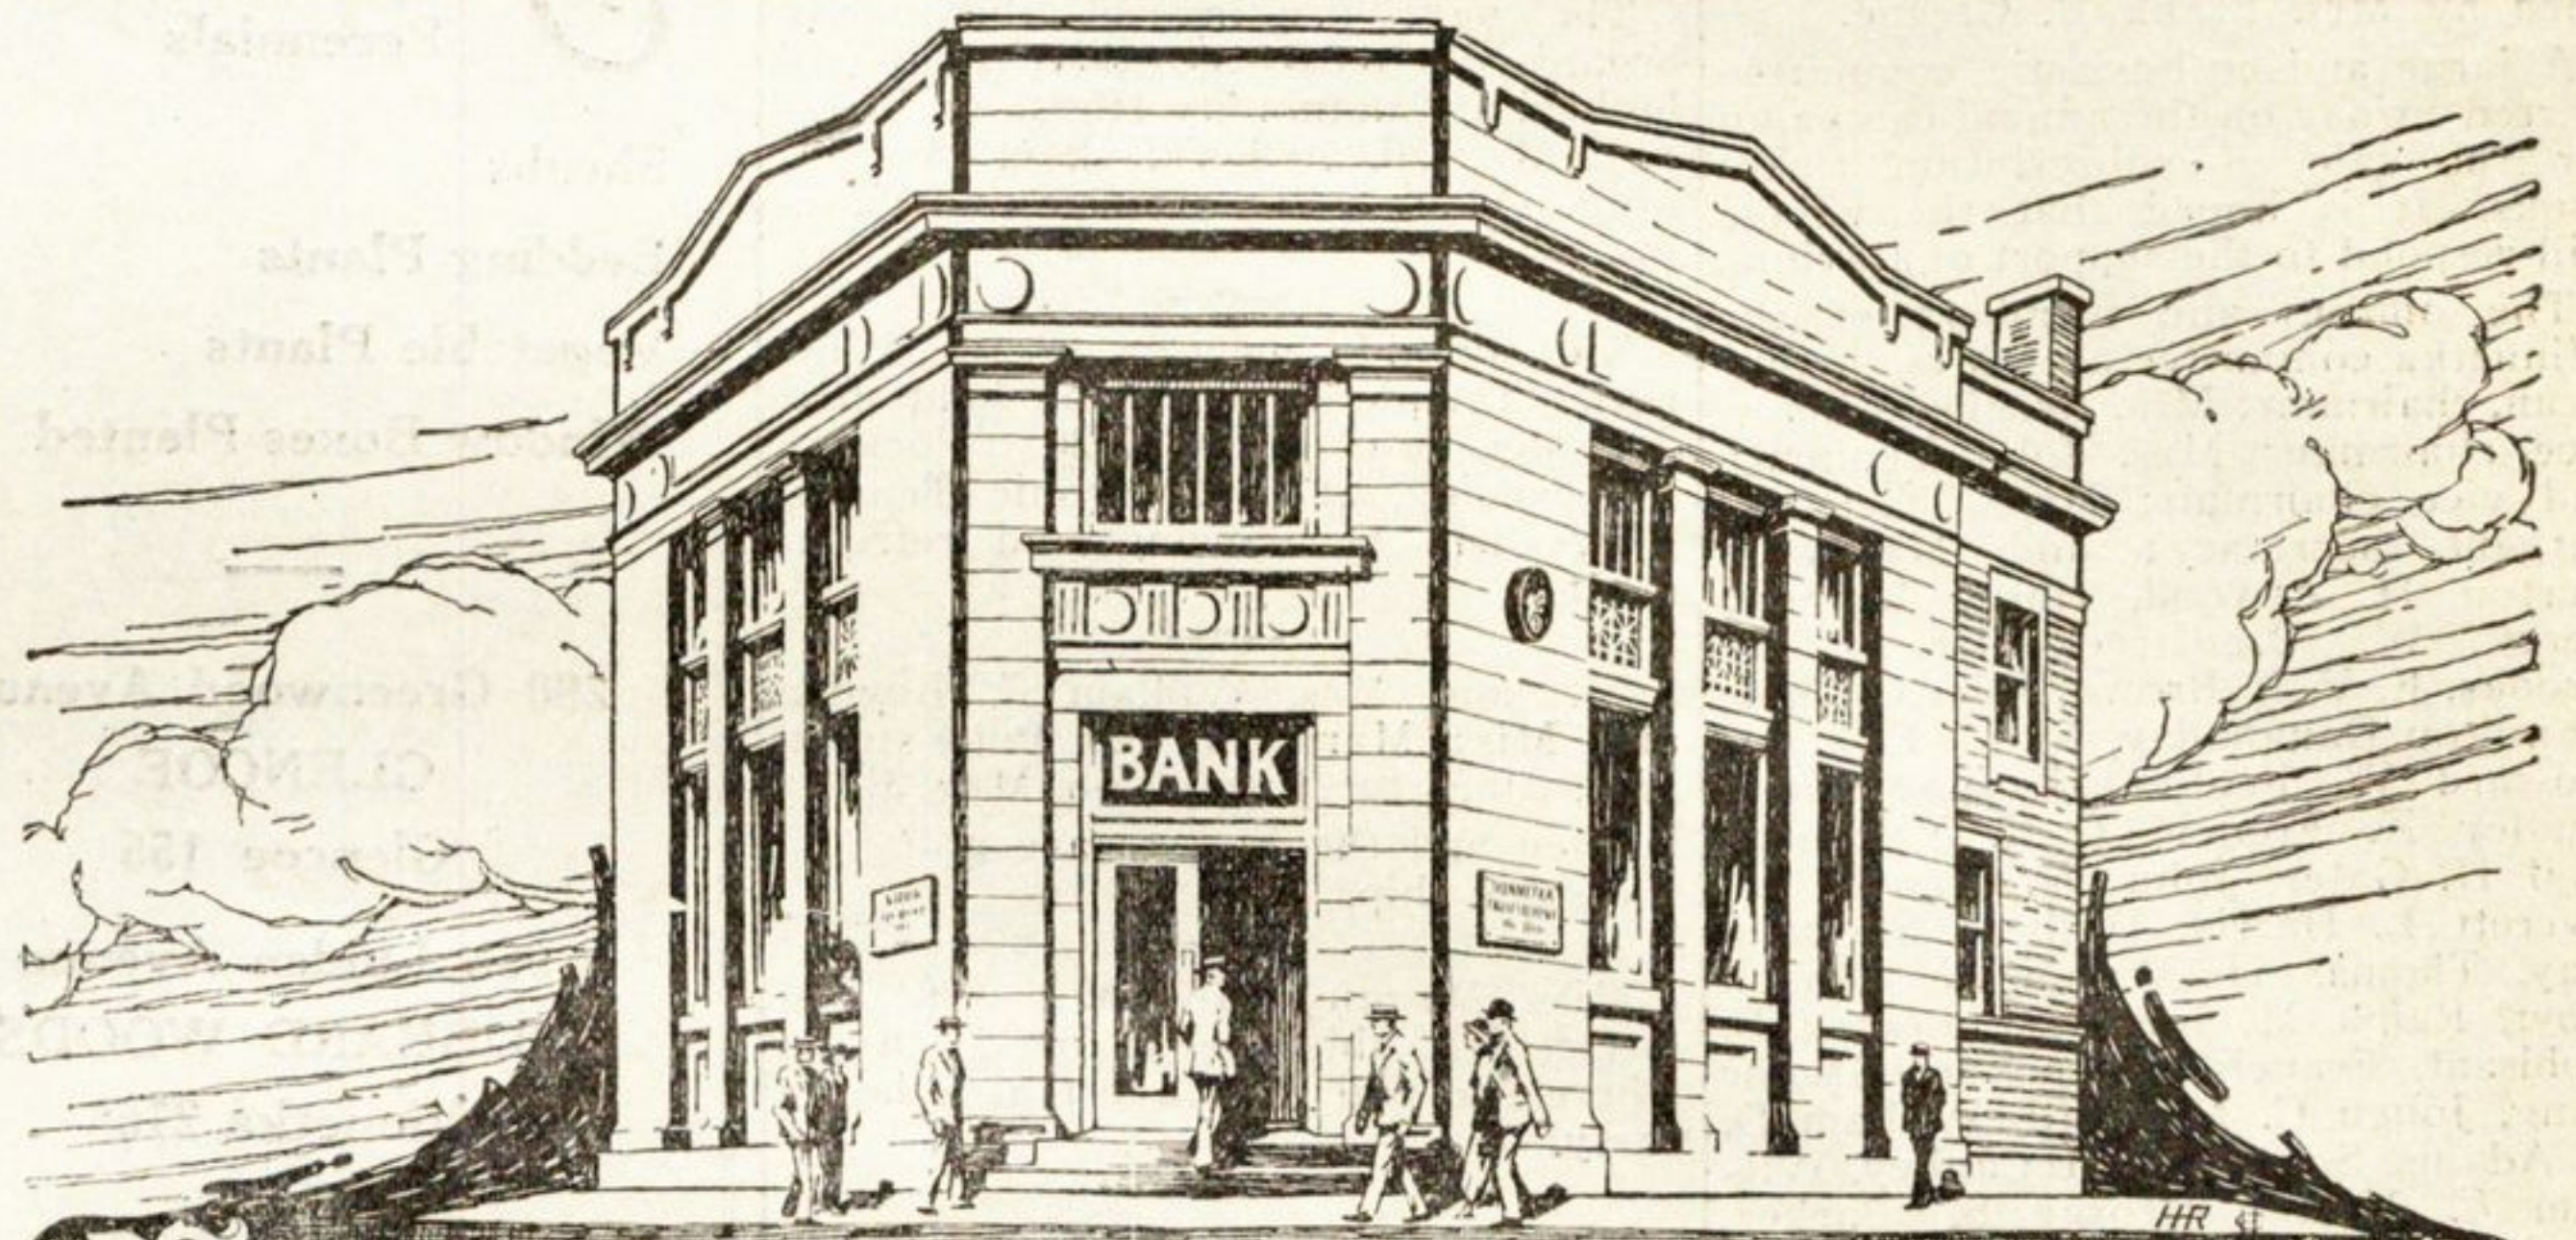

**RABIES PREVALENT**

Since January of this year the heads of 7 dogs and one pig examined at the diagnostic laboratory of the state health department, showed the pres-

ence of rabies or hydrophobia. Most of these heads came from the southern portion of the state. This indicates a rather wide-spread prevalence of rabies in the state, say the public health authorities. The best advice for one who has been bitten by a dog, whether mad or not, is to see a physician and do what he prescribes. For a person who has been infected with rabies organisms there is but two alternatives—one is the Pasteur treatment and the other is a fatal disease.

**Boys Enthusiastic Over Kenilworth Hiking Club**

The Junior Hiking club, which has been formed at Kenilworth for boys under Scout age, is being enthusiastically received by the youngsters, and several more besides those mentioned in these columns last week have signed up to make the initial hike, it is announced. The most recent recruits are: Dave Hannah, Lloyd Kingsby, John Simon, Robert Wilson and Tom White.

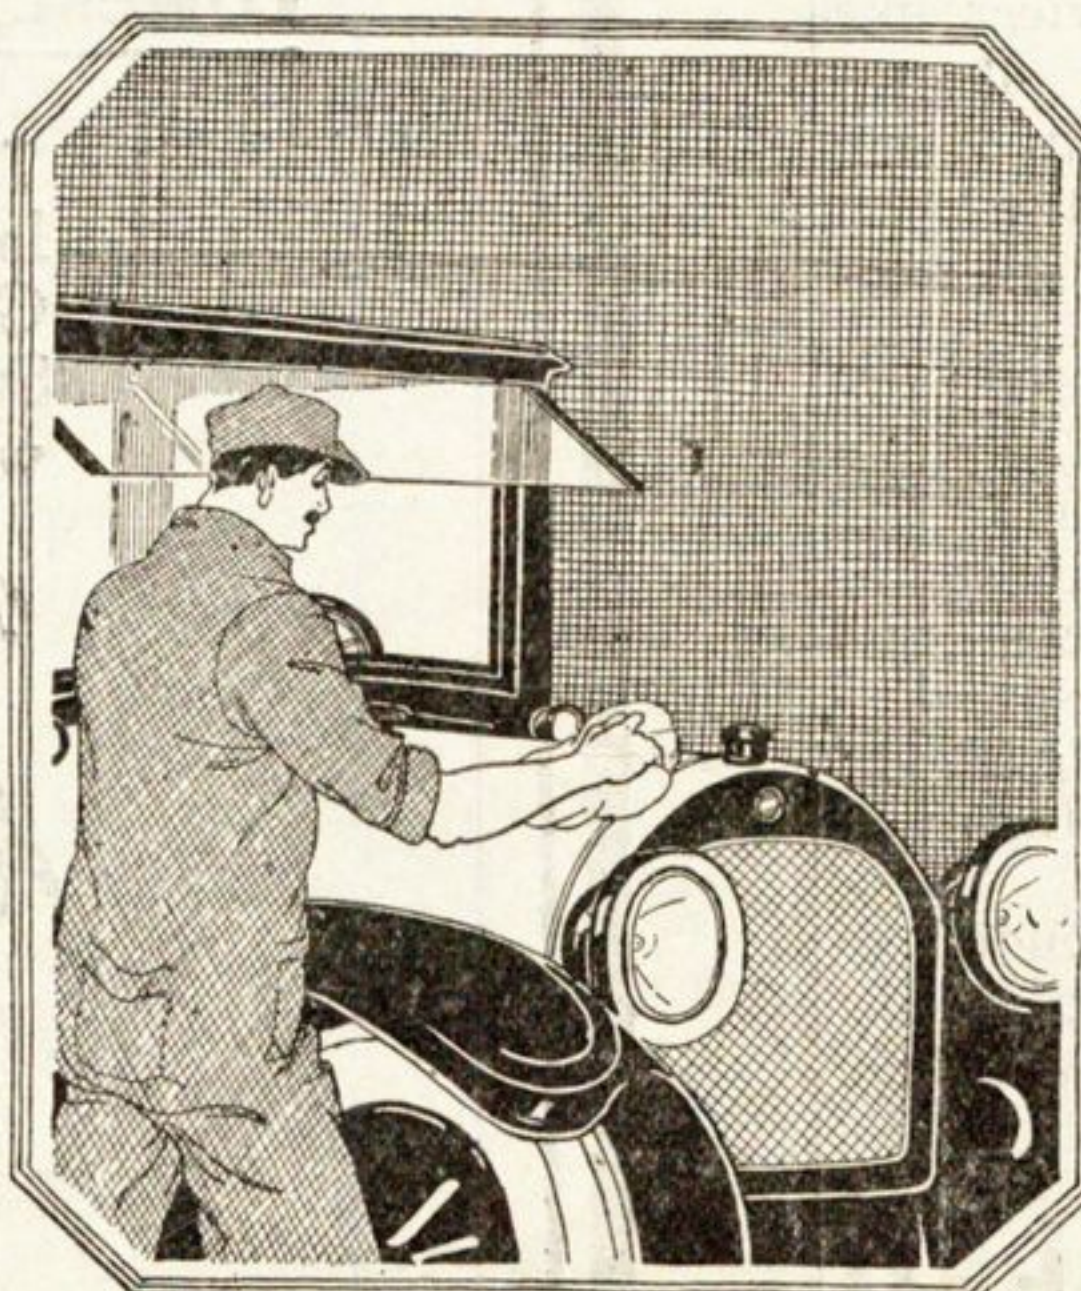

**If You Want to Keep It**

no matter what "It" may be, see that it is safe from fire and theft and carelessness—deposit it in a safety deposit box in our electrically protected vaults.

Taking chances with your valuable papers and your keepsakes that money could not replace is almost criminal negligence. Your whole family is liable to suffer by their loss; you owe it to them and to yourself to rent a box at this convenient bank. Play safe, come in and get your box at once!
