

BOLM DANCE STUDIOS OPENED IN EVANSTON

Adolph Bolm, America's premier exponent of ballet dancing, will again contribute to the artistic as well as the financial success of Metropolitan Opera productions. Announcement has been made that Bolm, whose work with the Chicago Civic Opera was one of the high lights of last season, had affixed his signature to a Metropolitan contract for next season. The news has been joyfully received by his host of friends in the west.

Bolm will stage and dance the leading part in "Petruska" by Stravinsky in March and April of next year. Bolm created a sensation in this role as a member of Diaghileff Ballet Russe during their memorable engagement at the Auditorium several years ago.

Several years ago Bolm was a valued member of the Metropolitan forces where he staged "Le Coq d'Or." His success with the Chicago company has given him a national reputation and under his direction his school of dancing is doing a great work in preparing pupils for ballet work. Recently a branch of the school has been opened in Evanston in response to demands from the north shore communities. The Evanston branch is under the direct charge of Bolm himself and the great Russian dancer gives his personal supervision to all pupils as at the main school in the Blum building downtown.

Realtors To Enjoy Real Vacation over Week-end

Homeseekers at Winnetka will have to rest and wait until Monday if they want to be informed on property and homes. All the realty brokers have decided to become vacationists and have agreed to celebrate Decoration Day, Saturday and Sunday, away from the business offices, and have these three days with their families or with the fishing tackle.

This three-day holiday is one of the longest the realtors of Winnetka have had for many years. To date they have spent a good portion of the holidays and Sundays showing property to prospects. Some of the men agreed that they had always wanted to take a vacation but they could not make all the fellows do the same. But this time they all agreed to forget the realty business for the week-end.

They all feel confident that after their vacation they will be ready to greet the prospects with alert service and a wealth of property.

New Trier High Wins Tennis Tournament

New Trier Township high school won the doubles at the north shore division of Suburban League Tennis tournament held last Saturday at the New Trier courts. George Holloway of Glencoe and Ralph Whitsett of Wilmette composed the winning set.

Chilly Weather Fails to Thwart the Auto Tourist

Despite the cold spring the touring bureau of the Chicago Motor club reports an increase in touring of 43% in the month of April this year over the same month last year.

"Given the same weather conditions as last year, this increase would no doubt have been between 70% and 75%," says L. A. Dickinson, manager of the touring bureau of the Chicago Motor club.

NOTED PIANIST COMES FOR ARTIST-RECITALS

Ossip Gabrilowitsch, the pianist, will appear in recital at the New Trier auditorium, during November, in the second of the Artist-Recital series sponsored by the MacDowell Musical club of Winnetka.

In the years of his advance the art Gabrilowitsch has acquired a patriotic distinction that has placed him as one apart from the crowded ranks of contemporary artists. While his technique is masterly, it is quiet and unobtrusive. His playing of the piano is always to create music, not to give a display of gymnastics. A romanticist and imaginative poet, yet Gabrilowitsch is the possessor of an artistic dignity especially welcome in these later days of technique and sentimentality.

Ossip Gabrilowitsch was born in Petrograd in 1878, where he studied at the Conservatory of Music under the personal supervision of Anton Rubenstein. Later he studied in Vienna under the great master Leschetizky. At eighteen years of age he made his debut in Berlin, following this appearance with extensive tours throughout Europe, and in 1900 he came to this country. Here he has climbed to a height of artistic pre-eminence where there are few to compare with him.

In 1918 Mr. Gabrilowitsch accepted the conductorship of the Detroit Symphony orchestra. As a conductor he has revealed the same extraordinary qualities which are such significant factors in his success as a piano virtuoso. Any one who heard him conduct the Chicago Symphony orchestra as a guest conductor cannot fail to place him as one of the great conductors of the day.

In view of the much discussed problems of assimilating foreigners who

come to this country, it is of special interest that in 1909 Mr. Gabrilowitsch was married to Clara Clemens, the daughter of Mark Twain. He has more and more identified himself with the life of his adopted country until in 1921 he took the last step in the process by becoming an American citizen.

Community House Has Appearance of Summer

Indoor activities associated with Community House are rapidly drawing to a close for the summer period and in many instances are being replaced by many outdoor events.

Gymnasium classes were concluded for the season this week and will not be resumed again until about October 1.

There is considerable activity about the community center in preparation for the annual summer camps near Ludington, Mich., and even the most casual observer senses the approach of the quiet summer season.

Community House has enjoyed a year of remarkable success, surpassing any season heretofore, the new auditorium and various group rooms in the new structure having provided facilities for enlarged activity in every department of the work.

In Our New Location

We realize that we are a little off the Main Drag, but it will only be for a short time, and we are going to ask our friends and customers to visit us in our temporary place on Prouty Annex, next to the Exide Battery Service. We will move back to our Elm Street location about September 1st, where we will have an up-to-the-minute stock of Men's and Boys' Furnishings. In the meantime, we will do our very best to take care of your needs at our temporary store.

WE THANK YOU!
