## Promotion Services at Congregational Church

The service at the Winnetka Congregational church tomorrow morning is likely to be unusually large because it will include the Promotion Day exercises of the Church school, but the church wants no one turned away and has therefore arranged an adult service of worship to be held at the same hour, that is, 11 o'clock, in the Rudolph Matz hall.

This service is under the care of the Men's Sunday Morning class. B. F. Frazier, the American Sioux Indian who is studying in Chicago university preparatory to doing Christian community work among his own people, will be present and speak.

Any who find it inconvenient to attend the Church school exercises in the church will be most welcome at this service in Rudolph Matz hall in Community House, it is announced.

# SKOKIE MUSIC GROUPS GIVE SPLENDID CONCERT

The Skokie school glee clubs and orchestra, under the able direction of Miss Kathryn Ramsay, gave a very enjoyable concert last Sunday afternoon in Jane Kuppenheimer Memorial hall, Skokie school. The boys and girls reflected much credit on their leader, Miss Ramsay, for they sang and played with remarkable accuracy and freedom.

The opening and closing numbers sung by the combined glee clubs, were especially good to hear because of their volume and purity of tone. Incidentally, but emphatically, attention should be called to the great value of having children take part in the presentation of compositions by such great masters of music as Bach, Beethoven, Haydn, Schubert and Schumann.

The boys' glee clubs pleased the audience by the seriousness and simplicity with which they sang their two Negro spirituals. Hearty applause also was elicited by the excellent presentation by the girls' glee club of Schubert's "Who is Sylvia?", Rubenstein's "Wanderer's Evening Song", and John Ireland's "Aubade". The orchestra played its three numbers so acceptably that it was obliged to repeat its closing number, "The British Grenadiers". The audience demanded an over-again of Ferrer Luensman's solo.

## For Feet that Tire from Walking

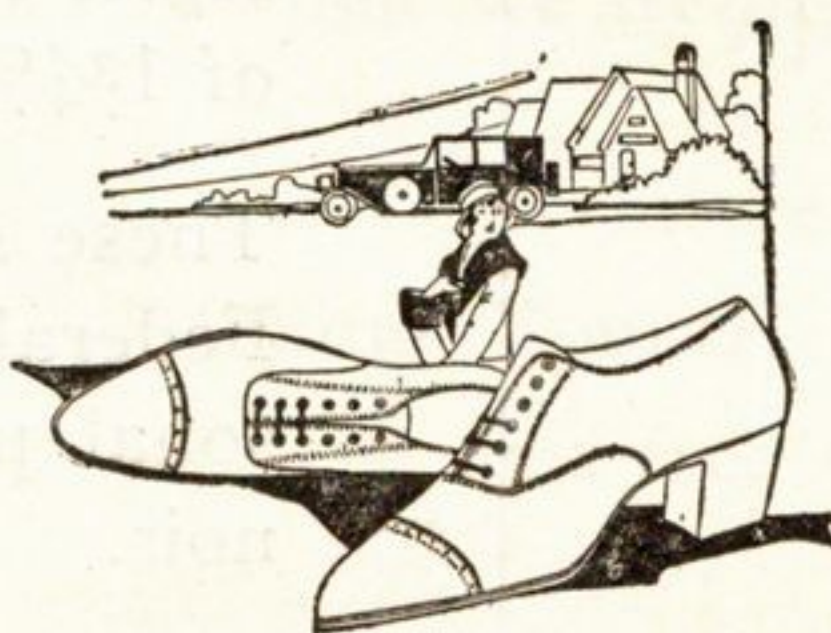

The hands are strong, capable and untiring because they have freedom to work and move. Your feet will be comfortable and tireless, too, if you change from ordinary stiff-arched footwear to the freedom of the flexible-arch Cantilever Shoe. Walking becomes a true pleasure in Cantilevers; they give welcome comfort to men and women who must be on their feet a great deal.

The natural, graceful lines of the

# Cantilever Shoe

are patterned from the lines of the foot. The shoe is carefully lasted to follow the mould of the underfoot and lend restful support to the arch. And the arch of a Cantilever Shoe is flexible. It allows the muscles to flex and contract with every step to function freely as Nature intended. This exercise strengthens the foot muscles as you walk, so that they support the small bones of the foot in a strong, springy arch.

The moderate, well set heels of the Cantilever Shoe encourage correct posture and distribute the weight without strain on the arches. The combination of moderate heel and natural outline in the Cantilever Shoe allows the foot to step firmly and gracefully without cramping the toes or binding the muscles anywhere.

And I'll bet you paid a good price for it, didn't you, Happy? Now, if you had gone to PETERS MARKET, you'd have gotten a real Spring chicken—one hatched this year! PETERS dresses his chickens daily and guarantees their freshness!

He said the chicken I bought was a Spring chicken, but he didn't say what Spring! He must have meant the year of the Chicago, Fire, for that bird was tough enough to battle Dempsey!
