Rain or Shine Wash, Dry and Iron in One Day

Given Away Free One 25 lb. Pail of Hurley Soap Powder Value \$5.75 (average year supply) With the sale of a Clothes Washer Dryer or Ironer

ELECTRIC CLOTHES WASHER—Time, money and strength saved. You can do your own washing in less time and with little energy expended. Thereby saving in a short time the price of a washer and knowing your washing is done right and your clothes handled carefully. An electric clothes washer does perfect work. The lightest filmy lingerie or the heaviest blankets may be washed without injury and you know your things are clean when washed under your own sanitary conditions. Wash day is shortened and you still have the energy and zest to do your ironing in the afternoon. A demonstration will convince you that your wash day work can be shortened and made less burdensome. CLOTHES DRYER—A simple in-

stallation, but a very scientific way to dry clothes. Always ready, no going out of doors in unfavorable weather, no colds, chapped hands or doctor bills. Your clothes come out sweet, clean and white, with no laundry odors, and it takes only thirty minutes to dry them. You take the clothes out while still containing a little moisture and iron them without sprinkling or rolling. A CLOTHES DRYER insures longer life to your clothes. Years of experience have proven this. Perfection in the heating system makes the operating cost very low. Let us show you how you can do your washing and ironing in one day and have some leisure time to yourself. ELECTRIC IRONER—A wonderful development in household labor-sav-

ing devices. Ironing day is a big and burdensome part of the week's work and it must be done. AN ELECTRIC IRONER, heated with gas and run electrically, not only finishes the flat work, but shirts, house and children's dresses, embroidered doilies, lace curtains, in fact, 95% of the things you iron by hand now can be ironed just as well and in less time. AN ELECTRIC IRONER is simple and efficient; costs very little to operate. You use other time and labor saving methods in your home. Let us show you by a demonstration the economy of time and money in the use of an Electric Ironer. A wonderful opportunity is offered you to have one placed in your home at a small payment each month.
