

ARDEN SHORE IN ANNUAL FROLIC

Campers Invite North Shore Residents to Midsummer Festivity

IN EUROPEAN SETTING

Procession and Dances on Unusual Program

North shore residents, young and old, are invited to attend an interesting midsummer frolic at the Arden Shore Rest camp on the afternoon of Wednesday, August 20. The program will begin promptly at 3 o'clock.

The midsummer frolic will have an European setting with costume representations from various nations of the old world. There will be the strolling troubadours and the numerous well populated villages in which the songsters will lend their talents to the gay festivities.

All this will take place on the spacious grounds of the camp, the scene presenting a gala spectacle with its festoonings of lanterns and flags of the nations.

About twenty of the campers, who hail from Chicago's great melting pot of the nations, will appear as strolling players. Others of the Arden Shoreites will assume the characters of villagers, such nations as Italy, Poland, Spain, Bohemia and Ireland being represented.

"Street" Procession

The afternoon's activities will be inaugurated with a parade and stunts through the "streets" of the villages. Next, there will be exhibitions of rare interest in the Arden Shore Arcade to be located in the camp recreation hall. Among the novelties will be living pictures, exhibits of antiques and relics, a chamber of horrors, a snake charmer and numerous freaks, rare animal specimens and a famous band.

The frolic proper will prove unusually absorbing to the visitors. Here will be kindergarten children as dancing animals, older girls in specialty dances entitled "a morning dance around the fountain" and "the statues that came to life," a popular race characterized as "hanging up the clothes," as well as dances including a scarf dance, bacchanale, folk dances, an ox dance and an "Ace of Diamonds" dance.

As a direct result of such entertainments as the midsummer frolic, interest in Arden Shore activities has become widespread throughout the north shore communities. A recent basket picnic, for example, added six new cottages and a bathroom to the camp equipment. Two of the cottages were provided by Mrs. J. McGregor Adams of Highland Park; a cottage and new bathroom for the camp hospital were donated by Mrs. George R. Thorne of Lake Forest, and Mrs. Alfred T. Carton of Lake Forest, Mrs. Edgar W. Burchard of Kenilworth and Mrs. Theodore L. Osborne each donated a cottage.
