

# WOMAN'S CLUB TO RUN SHOP TO AID BUILDING FUND

## Local Golf Clubs Plan Games Despite Unfavorable Week

ONCE more the blame is placed on the weather for changes in golf schedules at the local clubs, two of which are unable to have the events planned for this week. In spite of the weather's uncertainty, however, and in the face of the bureau's prophecy of "more rain," matches are being scheduled for next week.

Skokie will have its regular day Monday. That club was particularly fortunate this week in having a playable course, and from the golf committee comes a report that Mrs. Lerch of Evanston had the lowest score on the four short holes, with Mrs. Edgar Stevens taking the least number of putts.

On Tuesday North Shore will have a mixed foursome, with the women players inviting their partners. Guest Day was postponed this week until Thursday.

Sunset Ridge members will play the qualifying round for the club championship on Tuesday. Guest Day, which was to have been this week's event, will be scheduled in September,—the exact date not yet having been decided.

On August 27, Indian Hill plans for the usual match, the prize being awarded by choice of partner's score.

On August 13 Mrs. H. Spaulding Coffin and Mrs. C. A. Klotz won first place, with Mrs. Robert H. Ripley, second.

At the time of going to press a few players had gone out, but the condition of the sky was not promising for the completion of the Flag tournament.

## Next Sunday Musical at Skokie August 24

THE Third Musical of the Sunday series given every two weeks at Skokie club will take place August 24, at 5 o'clock. The artists giving the program on this occasion will be Eva Gordon Horadesky, contralto, and B. Fred Wise, tenor, with Troy Sanders at the piano.

Eva Gordon Horadesky, one of the most gifted young contraltos in America, has appeared as soloist with the Apollo Musical club, the Chicago Mendelssohn club, the Arion Club of Milwaukee, the Musicians' Club of Women, in artist recitals at the Blackstone theater, and in recitals in Peoria, Green Bay and other cities, and before nearly every woman's club in Chicago. Her voice is a very rich, beautiful contralto, and she possesses a striking personality and remarkable interpretative talent.

B. Fred Wise, the very popular Chicago tenor, has been engaged for the opening concert this season of the Apollo club. He has sung with the Chicago English Opera company, the American Philharmonic Society of Chicago, the choral societies of Fond du Lac, La Porte, Quincy, in recitals in Kenosha, Elgin, Gary and at the leading clubs in Chicago. Mr. Wise has a tenor voice of lovely quality, and sings with unusually fine diction and interpretation.

## Local Golf Stars Will Play in National Event

INDIAN HILL and SKOKIE will have members among the entrants in the National Woman's Golf tournament which will be held in the east. Mrs. Charles A. Klotz and Miss Dorothy Klotz of the former club, and Miss Ernestine Pearce of the latter, will be among those departing for the event on September 1.

## Woman's Club to Run a Gift and Thrift Shop

AT a special meeting of the board of directors of the Woman's Library Club of Glencoe, held August 12, the following resolution was unanimously passed:

Whereas, the board of directors of the Woman's Library Club of Glencoe believes there is now a good opportunity in the village of Glencoe for the operation of a business usually known as a gift shop which will afford the community an opportunity for purchasing various fancy and useful articles at advantageous prices and will also result in making a considerable profit to the club, and

Whereas, it is the consensus of the board of directors of the Woman's Library Club of Glencoe that a considerable number of the residents of Glencoe would be benefited by the opening of a thrift shop the stock of which would consist of wearing apparel, furniture, et cetera, used, or otherwise contributed by the members of the club, the sale of which would yield a substantial profit to the club, now therefore, be it resolved, first that a business known as the Gift and Thrift Shop of the Woman's Library Club of Glencoe be organized to be operated for the benefit of the building fund of the Woman's Library Club of Glencoe; second, that a board of managers consisting of the president of the Library club and seven of the club members be appointed annually by the board of directors of the Woman's Library Club of Glencoe to have general charge of the management of the Gift and Thrift Shop of the Woman's Library Club of Glencoe, said board to duly elect its own officers consisting of a chairman, secretary and treasurer, and any other officers as may seem necessary. The board of managers may also appoint a manager, if it deems it advisable, to have charge of the current operations of the affairs of the shop subject to the general control of the board of managers, with such duties and powers as the board of managers may from time to time prescribe. The manager may receive a reasonable salary if the board of managers so decides; third, the board of managers shall submit to the board of directors

of the Woman's Library Club of Glencoe each month a general and financial statement setting forth the condition of the shop; fourth, any vacancies in the board of managers shall be filled by the president of the Woman's Library Club. This shop will be located at 366 Park avenue, Glencoe, and will be under the direction of a board of managers with Mrs. Fred E. Hubbard acting as chairman.

## DAWES REPORT MARKS NEW ERA

### Educator Says It Means Renewed Prosperity

Not only the reconstruction of Europe but a revival of international amity and prosperity are likely to follow the agreement of the great powers upon the Dawes report, according to Prof. Kenneth W. Colegrove, associate professor of political science at Northwestern university, who has followed the recent maneuvers in London and Paris carefully.

"The work of the London conference will undoubtedly lead to the long-delayed reconstruction of Europe," said Dr. Colegrove. "It was a triumph of liberal diplomacy and was possible because broad-minded diplomats were in charge of the destinies of the great powers. The militaristic policy of Poincare and the pin-picking negotiations of Curzon gave way to the 'continuous co-operation' of Ramsay MacDonald and Edouard

Herriot. At the same time, it was fortunate that Dr. Wilhelm Marx, German chancellor and leader of the Center Party, so skillfully presented the plan of the moderate and compromising party of Germany.

"Moreover, it should be a matter of pride to Americans that our own diplomatic representatives at London played a conspicuous part in compromising old and bitter quarrels and in working out formulas which finally were adopted.

"The Dawes report was based upon good faith and the London agreements are based on good faith. And, as an evidence of good faith, Premier Herriot already has ordered the evacuation of Offenbourg and Appenweier. That was a gesture of generosity not costing France much but promoting a great degree of good-feeling. The next step will be the ratification of the agreements by

the parliaments of the several nations. This ought to be a quick accomplishment, for the settlement has intrinsic merits benefiting every party concerned. If ratified, the Dawes Report and the London Conference will certainly mark a new era in world politics."

## Walk in Comfort— it means so much

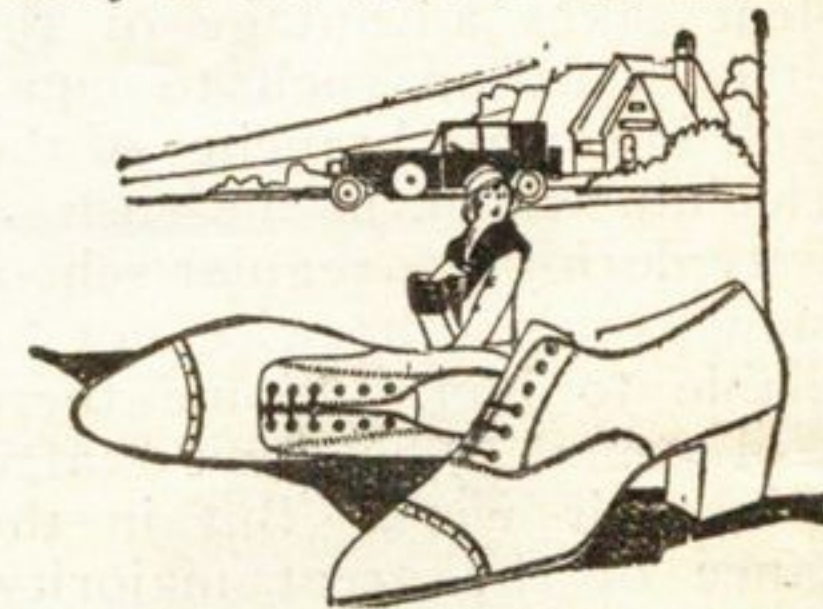

Shoes play an important part in your personal comfort, and comfort means a lot in the pursuit of happiness.

Encasing the foot in improper shoes, or proping it up with arch appliances tends to check circulation and weaken the condition of the entire foot.

To be foot happy (and that may mean to be entirely happy)—to be buoyant—more sprightly—turn to the aid of the flexible arch.

## Cantilever Shoe for Men & Women

It is designed to give genuine foot comfort, to promote grace and easy foot action. The flexible arch of the Cantilever follows the motion of your foot in the action of walking. This action promotes healthful exercise and circulation. Cantilevers are distinctive in that your foot is fitted snugly in place at the ball and the heel—no slipping or discomfort—no rubbing. The narrow heel fits well, the flexible arch permits harmony of action between foot and shoe. Consequently there is no wearing out of hosiery at the back of the heel.

You'll get wonderful satisfaction from wearing Cantilever Shoes. The comfort which your foot finds in the natural outline of the shoe enables you to endure long periods of walking or standing with ease.

## NORTH SHORE BOOTERY

Two Stores in Evanston  
529 Davis St., at Chicago Ave., in the North Shore Hotel and at  
919 Chicago Ave., near Main
