

LOUISE HOMER APPEARS IN NORTH SHORE RECITAL OCT. 15

Tickets for Artist Recitals Are Ready For the Subscribers

MADAME Louise Homer, the celebrated contralto, will give a song recital at the New Trier high school on Wednesday evening, October 15. Inasmuch as this is one of the most extraordinary concerts ever given on the north shore the assembly hall will be sold out long before the concert date and, therefore, those who desire to hear Madame Homer should make arrangements at once.

Notices regarding this series of artists' recitals of which Madame Homer's is the first, have already been sent out. Winnetka and Hubbard Woods subscribers are asked to call for their tickets at the Winnetka State as soon as possible. All other subscribers will receive their tickets by mail as soon as payment is made. At present there is a limited number of season tickets, which may be obtained from Mrs. Bessie Grant at the Winnetka State bank.

For the especial benefit of new subscribers the dates and artists for this entire series, sponsored by the MacDowell Musical club of Winnetka is as follows:

- October 15 Louise Homer
- November 4 Ossip Gabrilowitsch
- February 19 Reginald Werrenrath
- March 31 .. Pablo Cassals and Maria Ivogun.

Women Golfers Busy with Many Late Season Events

CONSIDERING the lateness of season, when golfing activities are drawing to a close, the various clubs along the north shore are remarkably busy and making up for lost time occasioned by the excessively rainy spring and summer.

At Skokie, last week, there was the "no alibi" foresome, with Mrs. L. P. Zinke, Mrs. E. P. Bartlett, and Mrs. Godfrey Phillips starring. Putting events also featured. Next week, to follow up this week's choice score on second nine played twice, there will be medal play, a first and second low net prize to be awarded to players not winning a prize during the season. In the afternoon, a putting contest will take place.

At North Shore, this week, there was an interesting event entitled costume day when all members appeared garbed in costumes representing a wide range of beauty and originality of design. The event was decidedly successful and the prize for the best dressed member was awarded to Miss Mary Doland, who came attired as a Chinese woman. To the most attractively gowned guest, who was Mrs. Ione Kingsbury, a prize also was given. She came as Pierott.

Mrs. R. C. Booser captured the prize for low net. Next week a two-some will be played for the best ball, and, incidentally, the contest for the club championship will be in progress. This match will undoubtedly be completed next week, as the only remaining contestants are Mrs. H. H. Harrison and Mrs. A. D. Collins.

At Sunset Ridge, the best ball foresome was won by Mrs. S. Edwin Earle and Mrs. D. Price, in the first place. In the second place, Mrs. J. W. Macy and Mrs. Mellen Martin were winners. The prize for the one making fewest putts was awarded to Mrs. Gerald Burnham.

Next week, there will be Blind Bogey play. Indian Hill had "Choice of Partner's Eighteen Hole Score" this week. Next week, there will be Match play against par. Social events have been quite numerous at this club. Mrs. H. T. Turner gave a luncheon and bridge on Thursday, and on Tuesday, of this week, Mrs. W. S. Taylor gave a luncheon for twenty guests. Next week, there will be Judith Boddie's tea and Mrs. Green's luncheon. The usual

club bridge parties every Wednesday are very well attended, and a week from Saturday, September 27, there will be a club dance.

The Skokie club Harvest Home dance will take place September 27. The North Shore club is having most successful luncheons and bridge parties every Wednesday. There is a large attendance and great enthusiasm prevails among the members. Pivot games take place the last Wednesday of each month.

Winnetka Woman's Club Resumes French Classes

THE Winnetka Woman's club is to be congratulated as it opens its tenth season of French classes and conferences under the able direction of M. George Cault. M. Cault is widely known through his school, LaFrancaise. As one of the most interesting French lecturers of Chicago and the north shore, he has won the sincere gratitude of many Winnetka women who have been in his classes for years. Because of the interest he has awakened and the help he has given both struggling beginners and advanced students, the resumption of his classes is greeted with general approval. It is the hope of the club that many north shore women will find time to take advantage of these fine opportunities to acquire a knowledge of French language and literature.

Friends-in-Group Aids in Defense Test Work

THE Friends-in-Council, a north shore organization, proved itself to be most worthy in the Defense Day preparations and activities. Miss Austin Stanley, vice president, assisted with fifty other women from various clubs of Chicago, served sandwiches to the men mobilized in Grant Park, and other members of the "Friends" took part in various ways. Mrs. William Lawton is president.

Daughters of British Empire Arrange Bazaar

THE Daughters of the British Empire will hold the first gathering of the season at the LaSalle hotel, on Thursday. The annual bazaar will take place in November; and on September 29, the corner stone of the British Old People's home at River Forest will be laid.

Musical Club to Open Season September 29

THE North Shore Musical club will meet September 29, at the home of Mrs. Orval Simpson, 932 Tower road, Winnetka, at 2 o'clock, to begin its sixth year of successful music work.

Woman's Club to Begin New Season with a Tea

THE Wilmette Woman's club, of which Mrs. R. E. Pattison Kline is president, will have its formal opening October 1, when a tea will be given for the members and their friends. Each person is to bring a gift which is to be given to the Economy shop. There will be stunts, music, and a general good time. The doors will be opened at two o'clock.

Women Hockeyites Open New Season Wednesday

THE Winnetka Field Hockey club will open its third season of play on Wednesday, September 24. The club now numbers 39 members, with two full hockey teams and substitutes, and is a member of the Chicago Field Hockey association, which it was instrumental in founding. Last year, the club played two or more games with each of the clubs in that association, namely, the Hockey clubs

of Lake Forest, Evanston, Lincoln Park and Midway—and lost but one game during the season. They also lost one game to the North Shore Country Day school girls, but wiped the defeat away in a later match.

Practice will be held this year on Mondays and Wednesdays at 3 o'clock and on Saturday mornings at 9 o'clock. The Indian Hill Park field, near the Indian Hill station, has been secured for play and it is hoped that the club will thus avoid the difficulties with floods encountered last year on the Skokie. The club is to have the benefit of instruction from an English coach at the afternoon practices, beginning October 12. Any woman in Winnetka, Hubbard Woods, or Kenilworth, interested in joining the club, may learn all particulars by telephoning the president, Mrs. Robert Brown, at Winnetka 1755. Women who have never played before are eligible for the second team. Sticks and shin guards may be purchased at Taylor Hardware store. Officers of the club are as follows: Mrs. Robert Brown, president; Mrs. Preston Boyden, vice

president; Mrs. William Laing, secretary-treasurer; Mrs. Sebastian Hinton, captain of first team; Mrs. Robert Brown, manager; Miss Virginia Miller, captain, second team; Mrs. H. Urion, manager; Committee heads: Mrs. J. M. Dickinson, Mrs. H. F. Tenney, Mrs. W. G. Harvey. This official notice to club members—"Please come Wednesday, this week, at 3 o'clock, at Indian Hill field."

IN NOTRE DAME

The great bells of historic Notre Dame de Paris, once pulled by Quasimodo, the hero of Victor Hugo's novel, "Notre Dame de Paris," now are rung by electricity.

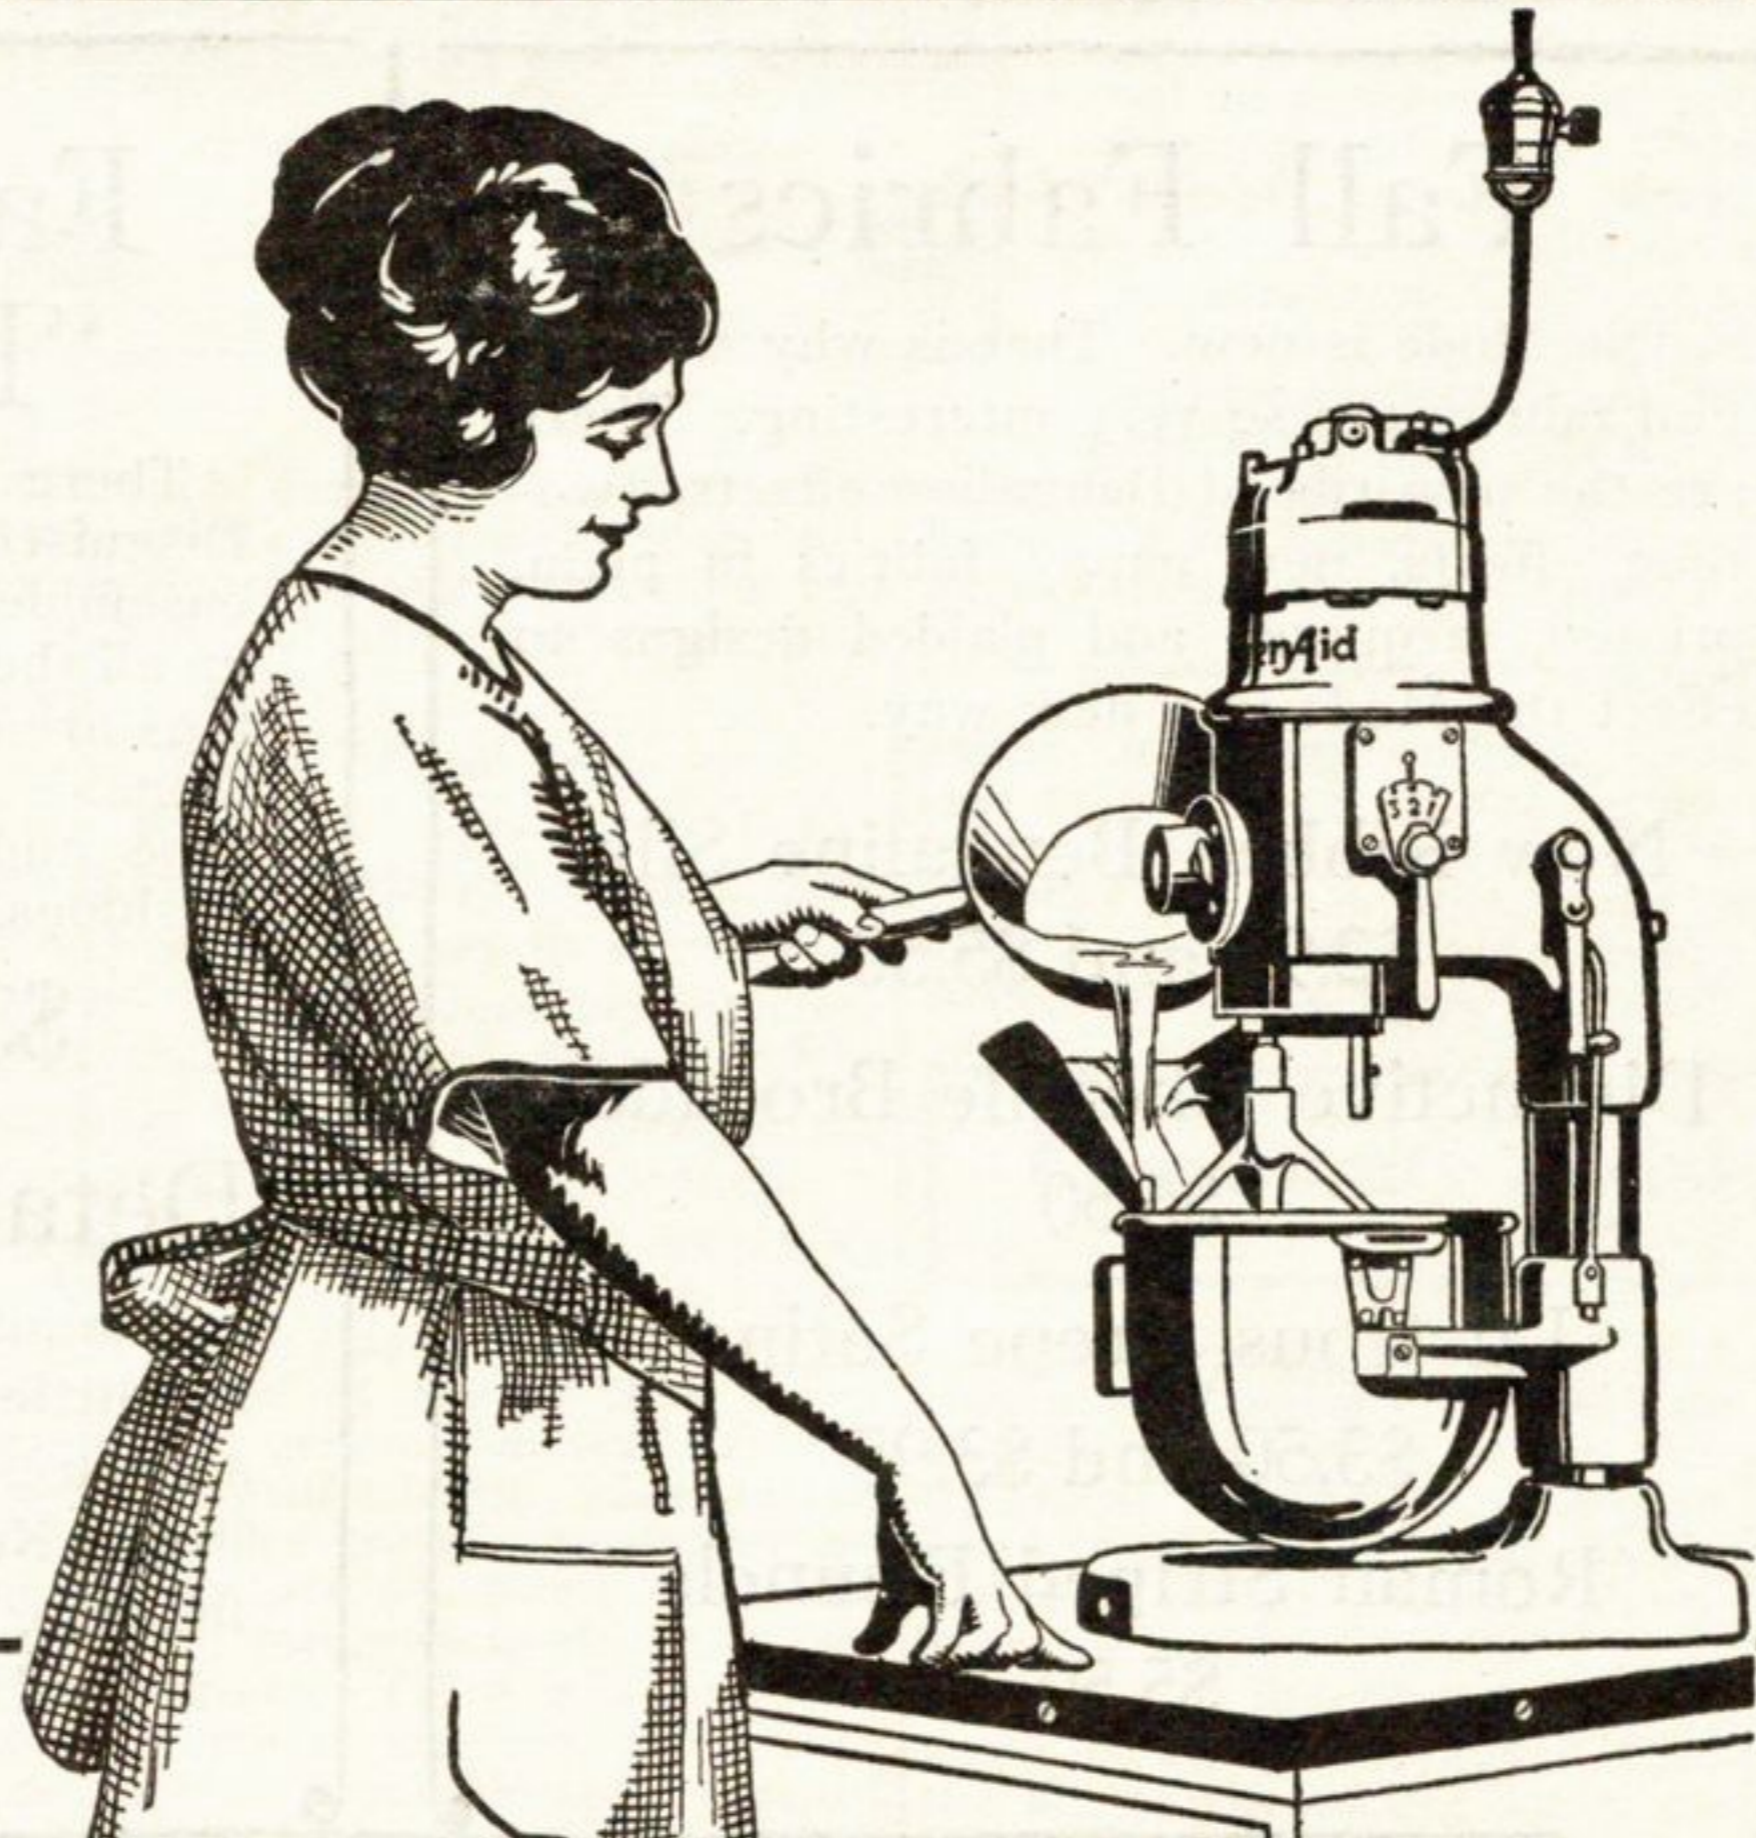

KENILWORTH HAPPENINGS

Miss Cornelia Keith, 310 Warwick road, entertained her evening bridge club Tuesday.

Jack Lockett, 66 Essex road, left this week to enter the freshman class at Yale.

What Kitchen Aid Will Do for You

- Mixes dough for bread, cakes, pie, ginger-bread, doughnuts, rolls, etc.
- Mashes potatoes—two or two dozen, to a wondrous fluffiness.
- Makes mayonnaise (drops the oil gradually), one cup, or as many as you like.
- Beats eggs and icings; batter for pancakes, waffles, etc.
- Whips cream or evaporated milk, meringues, icings, etc.
- Creeps various other ingredients.
- Beats and creams fudge, fondants, etc.
- With attachment, it freezes ice creams, sherbets, mousses, or any frozen dessert.
- It grinds coffee, chips ice, chops meat, nuts, raisins, etc.
- It strains soups, purees, through a fine sieve.
- Strains apple sauce. It is not necessary to pare or core the apples. This adds immeasurably to the flavor.
- It slices potatoes (to any desired thickness).
- Cuts shortening in pastry.
- And it will retain the temperature (either hot or cold) of whatever product it is mixing.
- All of this it will do—and more!

Not only quicker—not only easier
—but better—yes, better

Kitchen Aid saves time and work, and produces much better results in the preparation of foods than any human can. No cake stirred by hand will compare with a Kitchen Aid cake, which is so much more thoroughly and evenly beaten that it comes out of the oven extra fine in texture, wondrously light and fluffy, truly delicious. Many long minutes devoted to stirring pound cakes, angel food, sponge cake and cup cakes by hand are saved for other tasks. And they are stirred just as long as you like without tiring you.

The secret of good mayonnaise is to secure quick emulsifying which on Kitchen Aid is insured by the automatic slow dripping of oil into the rapidly whipped mixture.

Adding the lemon or vinegar with desired condiments right into the mixing bowl, and rapid, sure, mechanical

mixing accomplishes a most gratifying result, without the element of failure that so often follows hand methods. It is mostly a matter of turning the switch and letting Kitchen Aid do the work.

Kitchen Aid mashes potatoes to a tempting rich lightness impossible to achieve by hand. It beats in much more milk than mashed potatoes ordinarily take.

Consider again the list of Kitchen Aid accomplishments. See how it picks out the hard tasks, the arm-aching, nerve-disturbing, time-wasting drudgery, and all those things that have an element of uncertainty in them, doing them for you like clock work, without flaw or mistake.

The turn of an electric switch,—that's your part of the work. The rest is left to Kitchen Aid.

Has Come to the North Shore

What Leading Magazines Say About Kitchen Aid

IN THE LADIES HOME JOURNAL Test Kitchen, Kitchen Aid was put through every possible test and acquitted itself so perfectly that in the February issue, 1924, an entire editorial page in the magazine was devoted to telling the readers about it and what it could do.

GOOD HOUSEKEEPING Institute subjected Kitchen Aid to every test known to Kitchen requirement with the same satisfactory results. They have given their official approval.

The TRIBUNE Institute had the same experience and gave almost a newspaper page to the very practical merits of Kitchen Aid.

MODERN PRISCILLA Proving Plant repeated the experiment and hundreds of intelligent housekeepers the country over have added their endorsements.

The September issue of HOUSE BEAUTIFUL Magazine has commented on the virtues of Kitchen Aid at some length.

CHARM has the same favorable comments to make on Kitchen Aid in an editorial review of its accomplishments.

Ask for names of users on the North Shore.

While Kitchen Aid has only recently come to the North Shore, it is not new, not untried. Representative homes on the North Shore have used Kitchen Aid for two years or more and regard it as indispensable. It is in daily use, many times a day, in thousands of homes, in many cities in the United States.

In Dayton, Ohio, Kitchen Aid was introduced two years ago without advertising and now, simply through enthusiastic owners and users telling their friends, you will find Kitchen Aid in homes in every neighborhood throughout the city—north, south, east, west.

Large size machines of Kitchen Aid type are in every day use in the finest hotels in the United States, many of them in Chicago, with this obvious justification: Kitchen Aid saves time and labor, and being infallibly accurate does away with the cooking failures.

Note again, at the top of this advertisement, what Kitchen Aid will do for you. Don't you want to know more about Kitchen Aid, this almost magic electrical machine—what it is; what it does; how it solves your problem. Not what we say, but, for example, reprints of the editorial articles from newspapers and magazines?
