

Sizzling heat in your radiators and piping hot water at your command without the usual effort incident to house heating are only one of the reasons why you should make your home at the Linden Crest Apartments.

We have incorporated many original features in these apartments—especially in the kitchens and kitchenettes—to minimize to the greatest extent possible the monotonous routine of housework.

We offer for your consideration an apartment building of the highest type, in units of two, three, four and five rooms with immediate possession

The Linden Crest enjoys an exceptional location and environment, as it is surrounded by fine homes, and yet it is only one block from two lines of transportation, one block to a nice trading center, garage facilities, and only three blocks to the lake, harbor, parks and schools.

Many representative families of the North Shore are already numbered among those who are to make the Linden Crest their home.

Why Not You?

*Owner or representative at the building from
Eight A. M. to Nine-thirty P. M., daily.*
