FAMED PEONIES PLACED ON SALE

Dispose of Parts of James R. Mann Collection

North shore folk who dote on gardening and treasure the fine blooms of the dooryard, are apprised of an unusual opportunity to become availed of something rare in the realm of peonies.

These come from the gardens of the late Congressman James R. Mann, a nationally known floriculturist, who boasted one of the finest peony collections in the United States.

Congressman Mann passed away last February and his collection, containing priceless varieties, has been removed from his gardens in E. 73rd street, Chicago, to Crystal Lake, where they are placed in the care of John Van Steen, a flower hobbyist, who worked with Congressman Mann, and will henceforth devote his entire time to the cultivation and care of the treasured possession. The collection will be maintained intact, insofar as the plant varieties are concerned, but divisions from the various varieties are now being made available to gardeners interested in peony culture.

Congressman Mann's collection represents almost a lifetime of painstaking study and unceasing effort to bring it to the point of approximate perfection. He took pride in maintaining a card index and loose-leaf system of records on every plant in some 1,400 different varieties of peonies. He became thoroughly familiar with every variety that came under his observation and developed many priceless varieties.

Because of his wide acquaintance, among floriculturists in this country, as well as among foreign diplomats at Washington, he was given many of the very rarest peonies in existence. Among these were gifts from Japanese, French and English notables.

Mr. Van Steen is a well known peony expert and regards it as a loving obligation to retain intact all the varieties of the recent prized possession of his departed friend and associate.

Mrs. T. M. Brooks, who resides at Cherry and Walnut streets, Winnetka, is the north shore representative for the sales department of the peony farm.

350 GUESTS AT FETE FOR BISHOP KELLEY

Three hundred and fifty guests were served at a rousing farewell banquet tendered the Rt. Rev. Francis Clement Kelley, newly appointed Bishop of Oklahoma Friday evening of last week in the Orrington hotel, Evanston. The festivities were in charge of Ouillette Council of the Knights of Columbus and were attended by many prominent churchmen of the Chicago diocese of the Roman Catholic church.

The banquet was not only the largest ever sponsored by the local Knights of Columbus unit, but one of the most impressive affairs ever witnessed at the Orrington.

Prominent among the speakers were Rev. Dr. Thomas Shannon, formerly pastor of St. Francis Xavier church, of which Bishop Kelley had been pastor for the past seven years; Rev. John Seidenberg of Loyola university and a former assistant in the Wilmette Parish; Rev. Dr. Hugh P. Smythe, pastor of St. Mary's church, Evanston, and an intimate acquaintance of Bishop Kelley, and Rev. Dr. Borady of Berwyn, and newly appointed pastor of St. Francis Xavier church, who will preach his inaugural sermon in Wilmette on Sunday, October 19.

Bishop Kelley responded to the many felicitations and spoke at length of the new field of service he was about to enter.

In the presence of a cardinal, two bishops, a large gathering of priests and a throng that packed St. Joseph's cathedral, the Rt. Rev. Francis Clement Kelley, was enthroned on Thursday of this week as the second Catholic bishop of Oklahoma.

Cardinal Mundelein of Chicago installed Bishop Kelley.

Movies Aid Coaching of Northwestern Grid Squad

Moving pictures are the latest addition to the course of instruction being given to the Northwestern university football squad this fall. Films taken in practice sessions and during the first two games of the season are being shown to the Purple gridders in the field house.

As the different plays pass on the screen before the assembled athletes Coach Thistlethwaite points out the faults and defects in the play of each member of the eleven.

"We find that this is a valuable medium in discerning weaknesses and defects of individual players," declares the Purple mentor. "The movie preserves each play much better than can be done by trying to remember certain plays by the mental process. We plan to make this a regular feature of our training in the future."

Administrative officers and aldermen of the city of Evanston will be the guests of the university this Saturday at the Purdue game at which time the Purple will open its conference grid season. Dad's Day will be celebrated at this time and 2,000 dads of Northwestern students are expected to be in attendance at the game. President Walter Dill Scott has invited the Boy Scout Mayor elect of Evanston to the game.

Kenilworth School Will Have First Football Meet

Punting for distance, drop kicking, forward passing for distance, forward passing for accuracy and running 50 yards in complete football uniform will be among the events of a football meet to be held at the Joseph Sears school Friday afternoon, November 7. This is the first meet of its kind to be held on the north shore.

Robert Townley, director of physical education at the Joseph Sears school, has planned to have three distinct classes take part. The classes have been grouped according to weight and include the lightweights, 80 pounds and under; middleweights, 80-90 pounds; heavyweights, over 90 pounds.

Ribbons will be awarded for first, second and third place in each event and the boy having the largest number of points in each class will be given a bronze football charm.

KENILWORTH NEIGHBORS TO HEAR SEN. FERRIS

Senator Woodbridge Ferris of Michigan will speak at the Neighbors, in Kenilworth, Thursday, October 23, the subject of his address being, "Restoration of American Homes."

Very few men have achieved success in so many different activities as has Senator Ferris, it is explained. He has been active in many fields of work and is now planning to run a large farm, conduct a business, and to be a bank president.

He was twice elected governor and recently elected United States senator, the only Democratic governor of Michigan in 35 years, and the only Democratic senator of that state in 70 years. For many years he has been devoted to educational interests and has done a remarkable work with boys and men, as founder and head of the famous Ferris Institute at Big Rapids, Michigan, where, over a period of 40 years, he has personally supervised the training of some 50,000 young men, many of whom are now recognized as leaders in their field of activity.

It is a rare treat to hear Senator Ferris who is considered one of America's most brilliant orators, it is said. The program has been arranged under the auspices of the Neighbors.

YOU PAY MORE THAN HE

Why do you see so many Packard Sixes in front of splendid homes and exclusive clubs?
Is it because of Packard prestige and the luxury of Packard motoring?
Yes and no.
In the long run, it costs the owner of that splendid home less to operate and maintain his Packard Six than it costs you to drive your 3-year ordinary car.
Get the facts from him about gasoline and tire mileage, repair bills, insurance, long life and re-sale value. You'll find he has your figures beaten by a wide margin.
So why deprive yourself of all the joys of Packard ownership when they really cost you less than you are now paying?

Many prefer to take advantage of Packard's extremely liberal time payment plan to enjoy immediately the advantages of a Packard Six or Packard Eight—purchasing out of income instead of capital, just as practically all other necessities are now bought.
