MUSICAL PROGRAMS IN FAVOR AS CLUB SEASON

"The Neighbors" Embark upon an Active Club Year

ADAME Sara Anderson Regneas, dramatic soprano, with Madame Ella Spravka at the piano, opened the club calendar of the year for "The Neighbors." The rooms were filled to capacity and the members listened to one of the most artis-1. programs ever given in Kenilworth.

Mme. Regneas is an artist to her finger tips, reminding one of Mme. Johanna Gadski, who happens to be one of her most intimate friends. She has a most charming personality and it was a delight to meet her, to enjoy her perfect diction as well as to listen to the artistic interpretation of her songs.

The club is greatly indebted to Mrs. Ernest Fleishman, chairman of the music department, for this splendid opening number.

The second meeting will occur on October 23, when the club will present the Honorable Woodbridge N. Ferris of Michigan, at 8 o'clock in the evening. The meeting will be open to members and their friends, and no one should miss this unusual opportunity just before election to hear such a representative speaker as Senator Ferris. His subject will be "The Restoration of American Homes.'

On Thursday, October 16, at 10:15 o'clock in the morning, at Mrs. Creasap's home, the art and literature department will open its course of study. This is the most popular of the departments of the club and the meetings are very largely attended. Mrs. Harry Harrison is chairman of this department and for a second year has arranged the programs, the first of which will be giv- as ward secretary, civic director, treasin the year book.

Interesting Program Planned for Wilmette

THE music department of the Woman's Club of Wilmette announces a very attractive program for next Wednesday morning, October 22, at 11 o'clock. Mrs. Harold B. Maryott, who has appeared at the club several times, will give an interpretation of "Madame Butterfly" illustrated with vocal selections by Jewell Martin Lovejoy. It behooves the opera goers to avail themselves of the opportunity to obtain a better understanding and appreciation of "Madame Butterfly," one of the masterpieces of the operas. Guests are welcome at the usual fee. Dr. Richard Burton will speak on

"The Social Significance of the Theatre" before the Woman's club on October 22, at 2 o'clock.

Dr. Burton is head of the English department of the University of Minnesota and is a well known authority on the drama, having been president of the Drama League of America and a member of the National Board of Review of Motion Pictures. His wide experience as a teacher, editor, poet, and playwright gives him a sympathetic attitude towards human nature and has won for him a reputation of being one of the most interesting lecturers on the American platform.

will deliver a lecture on "The Historical ness session. and Cultural Role of Solid Silver," sketching its history and illustrating her story with rare museum pieces that it is a privilege to see. Someone has called old silver "links of history," so faithfully does it portray the spirit of the age from which it comes. Miss Egge takes her hearers back to the first crude beginnings of the craft, follows it through the splendid achievements of Tudor, England, and its fine flowering in the France of the Louis' to the beautiful restraint of our own Colonial times. The place of silver in the home today and its most effective arrangement are interestingly touched upon.

Maud Miner Will Give a Course of Ten Lectures

OMMENCING October 28, Miss Maud Miner of Chicago will give a course of ten lectures on "Diction and Technique of Speech" at the home of Mrs. J. A. Burrill, 812 Greenwood avenue, Wilmette.

Glencoe Library Club

HE opening meeting of the Woman's Library Club of Glencoe was held Thursday evening, October 9, in the Union church. Autumn foliage of gorgeous coloring decorated the church where the president and officers of the club received the members and their guests. To the on-lookers it seemed that the largest gathering of the club's existence was in attendance. Nearly all of the 136 members taken in during the membership drive were present, such dispatch, that the speaking beas well as members of the Men's club gan shortly after 1 o'clock. who were especially invited guests. Mrs. gracious welcome, to the new members, Club?" as an expression of what she hoped the club meant to every one of its members.

Refreshments and a social hour in the church parlors followed a musical program given by four artists.

Monica Graham Stults, soprano, accompanied by Harriet Rutledge, gave by Miss Esther Dunshee of the Illinois Packard. of which, "Sheep and Lambs" she was requested to repeat it.

Miss Wally Heymar, violinst, with Miss Dunshee also called attention peared on the program. The outstanding feature of the evening was the playing of Miss Heymar who is refreshingly young and attractive, and extremely talented, and who responds most generously to encores. She is without doubt one of the most finished artists ever heard in Glencoe.

The club is to be congratulated on having so efficient a music chairman in Mrs. George E. Orr, a comparatively new member of the club who was responsible for the exceptionally fine program, which follows:

In short, she stated that the stay-at-homes are so numerous that if they should go to the polls they would have the power to turn an election.

Miss Dunshee closed her speech with a stirring plea to go to the polls. Nor is it sufficient, she believes, for the people to vote from a grinding sense of duty or from a desire to obtain personal benefits from the government. For, she says, "Until the mass of the people vote because they love their country, we shall not have the kind of government we ought to have in Europe. in the United States."

At the close of this speech, the meeting adjourned a smaller room where a brief business meeting was held, and the league's plans for the year outlined by the heads of the standing committees.

At 2:30 o'clock, Mrs. Walter Dodd held the first of her classes in citizenship with about 50 women in attendance. These classes will be held under League auspices once a month throughout the early part of the winter.
