

# SKOKIE IN NEW DRAMA VENTURE

## "Alice in Wonderland" to Be Given Next Week

"Alice in Wonderland" will be presented by the dramatic classes of the Skokie school Friday and Saturday nights, November 21 and 22 at the Jane Kuppenheimer Memorial hall. Each performance will start promptly at 7:30 o'clock, so that children attending the play will be able to see the entire performance and return home at an early hour, according to Willard Beatty, principal of the school.

For nearly two months Mrs. D. B. Murray, director of dramatics, has instructed the children in her classes in experimentation on the various phases of the staging of the play. Puppets were made at first and the dramatization of "Alice in Wonderland" was acted out with them. Then a cast of characters was chosen from the many children who tried out and regular rehearsals were held under her personal supervision. A variety of colorful costumes answering the descriptions in the original story have been made for the characters.

# MUNICIPAL COLUMN

Edited by the Village Manager

At the annual convention of the International City Managers' Association, held in Montreal, September 23-25, the following Code of Ethics was adopted:

1. The position of City Manager is an important position and an honorable position, and should not be accepted unless the individual believes that he can serve the community to its advantage.
2. No man should accept a position of City Manager unless he believes in the council-manager plan of government.\*
3. In personal conduct a City Manager should be exemplary, and he should display the same obedience to law that he should inculcate in others.
4. Personal aggrandizement and personal profit secured by confidential information or by misuse of public time are dishonest.
5. Loyalty to his employment recognizes that it is the council, the elected representatives of the people, who primarily determine the municipal policies and are entitled to the credit for their fulfillment.
6. Although he is a hired employee of the council, he is hired for a purpose—to exercise his own judgment as an executive in accomplishing the policies formulated by the council, and to attain success in his employment he must decline to submit to dictation in matters for which the responsibility is solely his.
7. Power justifies responsibility, and responsibility demands power, and a City Manager who becomes impotent to inspire support should resign.
8. The City Manager is the administrator for all the people, and in performing his duty he should serve without discrimination.
9. To serve the public well, a City Manager should strive to keep the community informed of the plans and purposes of the administration, remembering that healthy publicity and criticism are an aid to the success of any democracy.
10. A City Manager should deal frankly with the council as a unit and not secretly with its individual members, and, similarly, should foster a spirit of

cooperation between all employees of the city's organization.

11. No matter how small the governmental unit under his management, a City Manager should recognize his relation to the larger political subdivisions and encourage improved administrative methods for all.

12. No City Manager should take an active part in politics.

13. A City Manager will be known by his works, many of which may outlast him; and, regardless of personal popularity or unpopularity, he should not curry favor or temporize, but should in a far-sighted way aim to benefit the community of today and of posterity.

\*NOTE.—The phrase "council manager government" means that form of municipal government in which the people choose a legislative body, be it called a Council, a Commission or a Board of Directors or something else, which employs a City Manager to exercise the administrative and executive functions of the city.

Mrs. Frank Fuller of 884 Indian Hill road left this week to visit her daughter at Dobbs Ferry.

The Scott avenue circle met at the home of Mrs. Charles Burkhardt of 1163 Asbury avenue on Tuesday, November 11.
