

Big Discount Continued

Owing to the slight attack of winter and a hundred and one unforeseen small delays in getting our new plant under way, we have decided to extend our opening week offer of 25% discount on all cleaning and dyeing orders to the second week—November 24 to 29 inclusive.

This is done to make it an object for every family on the North Shore, from North Evanston to Glen-coe, to try our *direct to the consumer* service. It means that we are giving you our profits for the privilege of demonstrating what we can do for you.

Don't delay! Call us today for anything you may have in the cleaning and dyeing line—clothing, carpets, draperies, lace curtains, silks, furs, upholstered furniture, automobile upholstery, hats, or almost anything else, and one of our trucks will get your things, and, in a day or so, return them as near like new as is possible to make them—at a reduction of 25% from our regular prices.
