## The Neighbors Will Give Two January Programs

THE art and literature department of the Neighbors will meet at the home of Mrs. Charles Howe, 240 Kenilworth avenue, Thursday morning, January 15, at 10:15 o'clock. The program will be "Early Etchings—through the Eighteenth Century." The first lecture given will be on "Rembrandt and His School," by Mrs. William A. Colledge; second, "Seventeenth Century Landscapes and Eighteenth Century Italian," Miss Barbara Erwin; third, "Mezzotint, Stipole, Aquatint," Mrs. Robert M. Beckler.

Those who have followed this interesting course of study have been most enthusiastic over it. A tremendous amount of labor and unlimited time is spent to prepare these papers, and it is to be hoped that any members of the Neighbors who are able to attend these meetings will make the effort to be there. There is inspiration in a good sized audience both to the speaker and to the chairman of the department.

The next regular meeting of the club will be on January 22, at 2:30 o'clock. There will be a lecture by Dr. Abram Mendenhall on "Quality in English Bone China." Dr. Mendenhall is an authority on this subject and comes from Spaulding and company of Chicago. Those who have heard this lecture say that it is the best they have heard along this line. Dr. Mendenhall delves into all branches of his subject and is one of the few real authorities on China in this country. To quote one of his hearers, "He gives a fascinating talk."

### K. OF C. MEETING

## Chicago Exposition to Show Woman's Progress

WOMAN'S achievements in art, commerce, industry and the professions will be depicted at an exposition, the first of its kind, which will be held in the American Exposition palace April 18-25. The idea, it is stated, originated with Miss Helen Bennett, well known along the north shore for her clever talks and for her activity in civic and political enterprises. Miss Bennett will be general director of the undertaking. She will be aided by many prominent women of Chicago and its vicinity who are actively interested in various lines of women's activities. In fact, basic plans have already been formulated for this "Woman's World Fair" which will display to the public the progress women have made in all fields of art and business.

The board organizing the exposition and running it includes in its membership Mrs. Joseph T. Bowen, Mrs. Rockefeller McCormick, Mrs. George Deane, Mrs. Joseph G. Coleman, Mrs. J. Harry Selz, Mrs. Theodore Robinson, Mrs.

Arthur Farwell, Mrs. Frederick A. Brown, Mrs. Silas Strawn, Mrs. Medill McCormick, Mrs. John A. Carpenter, Mrs. Howard Linn and Miss Anne Forsythe.

The exhibition opens on the anniversary of Paul Revere's ride and will be observed by a cowgirl who will ride horseback from the Twelfth Street station to the exposition building.

## Women Discuss Accident Prevention at Meeting

ACCORDING to a recent report of a platform outlined on Friday of last week at the Chicago Woman's club, the entire membership of the Illinois Federation Women's clubs will be devoted to prevention of automobile accidents. Three hundred clubs were represented at this meeting where the 13 provisions in the platform were discussed. Stress is placed on the proposal that no one be permitted to drive without a license for which an examination must be passed. It is also urged, that drivers convicted of operating cars

while intoxicated or failing to report name and address after a serious accident be compelled to forfeit their license.

## Automobile Real Luxury In Japan; License \$300

In Japan, an automobile is a real luxury. A license on a car of the cheapest type costs about \$300, while gasoline, with tax added, means an expense of \$1 a gallon. In addition, virtually all cars come from America, and the motorist must pay import duty of 45 per cent.

### AVOID EXPOSURE

Cold waves are usually followed by waves of sickness says the state health commissioner. Respiratory diseases such as pneumonia, colds, tonsillitis and influenza are usually at their worst in the wake of low temperature periods. It is the part of wisdom, therefore, to avoid excessive exposures at this time of year.

## New Trier Junior P. T. A. Hold Session January 13

The Junior Parent-Teacher association of New Trier will hold a meeting in the school auditorium Tuesday evening, January 13, from 7:30 until 10:30 o'clock.

Following an address by Principal Frederick E. Clerk there will be a meeting of parents and teachers of members of the junior class in the mess hall. School authorities feel that closer cooperation and a spirit of helpfulness beneficial to the pupils is developed when the parents can meet their children's instructors. The chairman of the Junior association is Mrs. Arthur Seibold.

Vera Reynolds claims to be one of the first screen actresses to play a gum-chewing stenographer role. Since then she has progressed from Mack Sennet and Christie comedies to a featured part in Cecil B. DeMille's new Paramount production, "The Golden Bed."
