**E. A. Mercadal Residence  
Severely Damaged By Fire**

Fire of unknown origin seriously damaged the home of E. A. Mercadal, 447 Sunset road, last Sunday night. The family was away from home at the time, with the exception of Jeff, the dog, who occupied the basement.

The fire was discovered by neighbors who saw smoke curling from windows and from around the eaves of the house. The fire department was called and forced to break down a door to gain entrance. The men heard the barking and howling of the dog and quickly rescued him from the basement.

The source of the fire remains a mystery but it appeared to have started in a walled-in space under a stairway and it is the opinion of the family that some oily rags were left there when the house was built, which was recently, and that spontaneous combustion resulted. The loss is not definitely known, but it is thought to have been about \$2,000.

Later in the week the home of John C. Nevins, 345 Elder lane, was slightly damaged by the explosion of an oil-burning heating plant in the basement. The resulting fire was quickly extinguished by the fire department.

**Local Officials Attend  
Conference in Drainage**

Winnetka village officials who attended the huge mass meeting called by the Sanitary District of Chicago last week for the purpose of discussing the deci-

sion of the Supreme Court as to the diversion of water into the drainage canal were L. Sherman Aldrich, chairman of the Streets, Drainage and Forestry committee of the Village council, Frank Windes, village engineer, and H. L. Woolhiser, village manager. The mass meeting was held in the council chamber at the Chicago City Hall.

I never worry about Sunday dinner, Happy. My wife just takes advantage of the Saturday Specials at PETERS MARKET. They always have something different and at a remarkably low price.

The wife forgot to order meat for tomorrow, so I've got to scout around and see what I can pick up. Our meat for Sunday always costs a lot and it's always a problem what to get.
