

SHOW 'SUNDOWN' AT COM. HOUSE

"Manhattan" also Billed for Next Week

The passing of the Old West, the cattle barons, and the tremendous herds of cattle which roamed the plains, has been immortalized in "Sundown", which is to be the feature picture at Community House next Friday and Saturday.

"Sundown" depicts the story of a vanishing people—the American cattleman—forced to leave the land they had conquered by incoming homesteaders who have been apportioned small sections of the great ranches. It tells how the cattlemen banded together their enormous herds and trailed them across the deserts and mountains, across the Mexican border, to once again pioneer a new land where their cattle may graze. A beautiful love story is interwoven with this theme.

The cast of "Sundown" includes Bessie Love, Hobart Bosworth, Roy Stewart, Charlie Murray.

All who enjoy real fast-moving action drama will be right in their glory when Richard Dix's first starring picture, "Manhattan", comes to Community House Tuesday, February 3.

The star has the role of Peter Minuit whose great-great-grandfather purchased the island of Manhattan from the Indians and Peter is all for giving it back to them. "There might be some life in the old town then," says he.

You take it from this that Minuit is slightly bored with life. He is just that—a millionaire bachelor who has

everything in life except that which he craves most—action, adventure, a definite object, something to live for, to strive to be worthy of. He finds action-plus in New York's Hell's Kitchen and a definite object in the beautiful sister of a youngful yegg whom he befriends.

HUGO VONHOFSTEN HAS EXHIBIT IN CHICAGO

Hugo O. vonHofsten, 773 Prospect avenue, well known Winnetka artist, whose work has been officially recognized by King Gustav of Sweden, has the exhibition walls of the Swedish club of Chicago hung with a collection of his recent paintings.

Concerning this valuable collection and Mr. vonHofsten's brilliant career, a Chicago art critic has the following to say:

"At the Swedish club this week the exhibition walls are hung with a collection of recent paintings by Hugo von Hofsten, lately returned from two years overseas. The opening reception had the quality of an ovation from the friends of the artist who brought back with him an Order of a Knight of Vasa, bestowed by the king of Sweden for services in the fine arts in his native land and in America.

"Mr. vonHofsten has painted for the joy of the work many years. While carrying on as an illustrator of books his leisure was given to the landscape and the work of his brush shown in the offices of the county commissioners and in north shore towns had its weight in deciding the purchase of the Skokie forest preserves. The paintings made recently have the fluency of the inspiration of fresh material and a delight in presenting attractive bits of landscape, town views overseas and notes of local color.

"It is by far the best collection that Mr. vonHofsten has shown and one that

is creating enthusiasm among his friends. Groups of his work have appeared at the Swedish-American Society of Artists shows at various galleries about town, and very lately in Winnetka. His contribution to the Swedish club is a series of murals adorning the frieze of the ballroom. The exhibition will be on view some time."

Country Day Parents to View Exhibits at School

The Parent-Teacher association of the North Shore Country Day school will meet at the school on Friday evening, February 6, at 6 o'clock, Lynn Williams, president of the association, presiding. After assembling in the boys' gymnasium to get programs for the evening, all will go to the cafeteria where a supper will be served by the senior class.

Until 7:45 some school exhibits will be open: a class in printing in the shop, an art exhibit in the boys' gymnasium, a science exhibit (food supply of the world, by the seventh grade) in the science room, lost and found in the boys' gymnasium and dietetics exhibit also in the boys' gymnasium.

At 8 o'clock Dr. Roswell Parker Angier, dean of Freshmen at Yale, will speak on "Parental Meddling."

It's a good thing you didn't hurt yourself, Happy. If you'd ordered your meat from the PETERS' MARKET you wouldn't have had so many packages to carry. Their service can absolutely be depended upon, whether it's delivery at your home or across the counter.

Gee, I sure took a bad fall. It's a nuisance to carry so many packages, but that butcher of ours can't be depended upon to make a delivery on time so I had to take everything with me

ANNOUNCES the starting of class lessons in sight reading for piano training which develops the ability to read pieces and song accompaniment at sight, also Duet playing which is the preparation for ensemble playing. This course will include ear training and practical use of simple chord combination to be used for song accompaniment and the selection of chords to fit well known melodies.

This work is a preparation for more serious study as class lessons could not take the place of private instruction as more time is necessary for the full development of the individual pupil. It is, however, an excellent substitute for those who do not wish, or have not the time for more serious study, but who have a desire to know something about music and the piano. Much less time is required and in having classes we can offer this work at very reasonable rates.
