

MASONS ENJOY REUNION NIGHT

Hear Interesting Talks About Masonry

Winnetka lodge No. 1078, A. F. & A. M. set aside Tuesday evening, January 27, for a reunion and get-together meeting of the charter members of the lodge and those who have become members since the lodge was chartered, and a fine, well-attended meeting was held. After opening the lodge all other work was dispensed with and a program of songs and talks by members of the lodge was enjoyed.

Winnetka lodge is particularly fortunate in having in its membership men who can qualify as real speakers and on this occasion they called on their Chaplain, J. W. F. Davies, who gave a short talk on "Good Fellowship", and George Fraser, who talked on Masonry.

Mr. Davies in his talk pointed out that a man could not attain his full development alone, and stressed the many advantages of regular attendance at lodge meetings. He spoke of the unusual growth of Winnetka and the necessity of men meeting and knowing one another. The acquaintances and friendships thus made tending to make a unity of what might otherwise be small separate groups.

Mr. Fraser related some of his experiences while in Scotland last summer, in particular he told of visiting the old house in Edinburgh where for 117 years some of Scotland's greatest men have attended Masonic lodge meetings. The lodge hall having a seating capacity of not over 30 and the entire building being so small that it could be easily placed in the lodge room of Winnetka temple. His message on Masonry, its purposes, and meaning to the individual, gave to the Masons present a new slant on the meaning of their Masonic membership.

The evening's entertainment closed with several fine vocal solos by Mr. Radcliff after which the lodge was closed and refreshments served in the dining room.

The attention of the members of the lodge was called to the special meeting

to be held this afternoon and evening, January 31, (tonight) with work on the third degree. Dinner to be served at 6:30 o'clock. The evening candidate is a son of one of the members of the lodge. A picked degree team from Chicago insurance circles will take charge of the work in the evening and they plan to bring with them a large group of masons from various insurance offices. All the members of Winnetka lodge are urged to be present at this meeting.

AT MISSION CONFERENCE

Rev. James Austin Richards, pastor of the Winnetka Congregational church, is attending the Ecumenical conference on world missions at Washington, D. C., this week. He is one of the Congregational delegates from Illinois. About 6,000 ministers and laymen are attending the conference.

Mrs. Harry Cadenhead of 414 Provident avenue entertained at dinner and bridge on Friday evening, on the occasion of her husband's birthday. On Tuesday afternoon, she will have six tables of bridge at her home.

The first birthday celebration of the Catholic Daughters of America was held at Wilmette on Wednesday, January 21. Mrs. Edward Borre, who is lecturer of the organization, gave a benefit card party Monday at her home, 769 Locust street.

Indian Hill's winter season terminates this evening with a dinner-dance. Among those who will be hostesses at dinner on this occasion are Mrs. Howard van Sinderen Tracy, Mrs. Albion S. Webbe and Mrs. Roswell B. Mason.

Mr. and Mrs. B. F. Affleck of 695 Lincoln avenue have returned from an eastern trip to New York and Washington. They were gone about two weeks.

What Are Numetal Weather Strips?

NUMETAL WEATHER STRIPS are made of a specially prepared spring metal that has been laboratory tested for temper.

They are placed between the middle rails of your windows and between the window sash and the frame.

They are invisible when the windows are closed, and the part exposed, when a window is open, has an attractive and substantial appearance.

The spring and tension in the strips will take care of all shrinkage and expansion of the windows and doors, and will make a tight, yet easily operated, window at all times.
