From Evanston, Morton

New Trier High school cagers made a clean sweep last week-end when they trimmed three Evanston teams on their own floor and two Morton teams at New Trier. The Morton lightweights, last year's champions, were beaten by a score of 23 to 8.

New Trier's freshman-sophomore teams started the ball rolling by winning from the Evanston team 17 to 12. The lightweight game, which was a little slow, was won by a score of 27-9 by New Trier. Evanston was obviously outclassed from the start. The heavyweight game was a real fight, the teams being pretty evenly matched and the New Trier boys only won by a score of 14-11.

The Morton teams were faster and put up a better fight but they were eventually sent home beaten by the victorious green and gray. The heavyweight game was a hard fought contest but the final game ended to find FOR SALE-BUICK; 1923 MODEL; the north shore quintet leading by a score of 22-15. EYE PROBLEMS

21TN47-1te Local Man Attends Optometrists' Session

Sunday, Monday and Tuesday of last week the Optometrists of Illinois held their annual convention at the Sherman hotel, concluding with a banquet and entertainment. Dr. O. H. Bersch, 1177 Wilmette avenue, Wilmette, attended the sessions.

The feature of the convention, according to Dr. Bersch, was the free clinic Linden Aves., Wednesday; reward conducted on Monday and Tuesday by Dr. Sheffington, chief clinician of the National Association of Optometrists.

LOST-BOSTON BULL DOG; WHITE | Children from two years up, afflicted with black spots on ears; ans. to with crossed eyes, formed the largest 24T47-1te group of cases examined, while the adults, in most instances, were the type LOST-GREEN AND RED AUTO of cases that had drifted from one place robe in central Winn.; liberal re- to another "buying glasses," but were unable to wear them or still suffered from eye strain. In most of these cases a single examination would not suffice to prescribe glasses for permanent wear, therefore, the patient was referred to one of a number of doctors who volunteered to follow up the work started by Dr. Sheffington. Unfortunately, all of those presenting themselves for examination could not be cared for.

The lectures, says Dr. Bersch, were unusually good and the matter of safety in driving was particularly discussed. The prevalence of eye strain and poor vision makes at least one out of every five drivers a menace to life and property, it was asserted. Laws have already been enacted or have been proposed in several states making a vision and color test compulsory before a license will be granted to drivers. Such a law, it was stated, will be proposed for Illinois.

Motor Club Opposes Proposed Gasoline Tax

An attack on the proposal of some Illinois legislators to put through a gasoline tax law was delivered by Charles M. Hayes, president of the Chicago Motor club before 17,000 motorists assembled for the annual meeting of the club at the Coliseum, Chicago, Thursday, January 15. Mr. Hayes declared that the club had supported all good roads movements in the state but believed that good roads should be secured by means of

Offer Red Cross Health Course for Prep Girls

New Trier high school will have a Red Cross course for girls in home hygiene this next semester. The class will be started some time in February and will be under the direction of Mrs. M. Simonson and under the supervision of Dr. Frank W. Blatchford of Winnetka.

The course is planned not only to teach a girl how to keep in good health, but, in case of illness, what to do before the doctor comes or when a trained nurse is not available. It will include how to interpret indications of disease, how to take temperature, pulse and respiration; how to make a bed with a patient in it and prevention of contagious diseases.
