

WOMEN TO HEAR OF LEAGUE WORK

Also Assume Interest in Coming Election

The Fifth Assembly of the League of Nations will be the subject of the joint meeting of the Winnetka League of Women Voters and the Winnetka Woman's club to be held Thursday, March 19, at the Woman's club at 2:30 o'clock.

Miss Lydia Schmidt, formerly of the staff of the University high school, has been secured as speaker. Miss Schmidt has traveled abroad a great deal, making a study of international relations, and was the organizer of the School of International Relations of the Chicago League of Women Voters' Forum. She is also a member of the Women's International League for Peace and Freedom, of which Miss Jane Addams is president, and of the Illinois League of Women Voters. She was present at the Fifth Assembly of the League of Nations in Geneva, and will illustrate her lecture with stereopticon slides, showing the personnel of the Assembly.

The now famous "Geneva Protocol," which was the most important action taken by the Fifth Assembly, will be the chief topic of the discussion. This protocol provides for submitting to arbitration every matter of international dispute between any and all members of the League of Nations. It shows a desire on the part of all members of the League to outlaw war. It further provides for the assembling of a disarmament conference to be held in Geneva in June of this year.

Because of the unusual opportunity that the hearing of Miss Schmidt offers, the meeting is to be open, and both league and Woman's club members may bring guests.

At the close of the lecture, Miss Elizabeth Gemmell, chairman of the elections committee of the Winnetka league, will announce the Village officers to be voted upon by Winnetka citizens on April 7. Miss Gemmell held a meeting of her committee and the precinct chairmen on Friday, March 13, to discuss the best way of gently reminding the electorate of a need to go to the polls on April 7.

The result of the discussion will be announced on March 19, and every one urged to vote, as the unusual situation of a real contest in the village elections presents itself this year. Formerly there has been no contest, and most villagers have considered voting unnecessary. So, too much stress cannot be laid upon the fact that the citizens must vote this year, or officers representing a minority may be elected.
