ACT TO WAGE FIGHT AGAINST MOSQUITOS

tion for the latter opinion. The real responsibility for the expenditure of township funds lies with the Township Board of auditors, and not with the Township meeting, as such, it was stated. Therefore, the auditing board, comprising the five justices of the peace in the township and the township supervisor and clerk, would be held to account should it be found that the surplus funds were illegally expended.

Auditors Meet Tuesday

This question will arise at the annual meeting of the board of auditors to be held in the Wilmette Village hall Tuesday evening, April 14, when it is confidently expected that strong opposition to the action of the Town meeting in appropriating the \$7,500 mosquito fund will be encountered.

The board of auditors, it is felt, will consider the matter from the angle suggested by a prominent citizen who was among the scant score of citizens who attended the Town meeting, namely, that the proposed campaign in all its phases, should be thoroughly discussed at a more representative meeting of citizens than was the Town meeting, such meeting to be widely and adequately advertised to insure a representative attendance, the consensus of opinion at such meeting to determine the method of procedure, should a mosquito eradication campaign appear necessary and advisable.

It was the suggestion of the state's attorney's office that the actual work of eradication be competitive or, in other words, that the township board advertise for bids for the work, rather than hand out the job arbitrarily. Competitive bidding, it was pointed out, would have the effect of curtail-

ing the cost, without jeopardizing the effectiveness of the work done.

It was particularly emphasized that the entire responsibility for the disposition of township funds rests with the board of auditors, and, therefore it is imperative that that body investigate the matter with utmost care to avoid any possibility of illegal procedure.

Leading citizens anticipate a large attendance at the meeting of the board of auditors next Tuesday evening. That the contemplated campaign will meet with determined opposition has been strongly hinted in various sections of the township.

Civil Strife Results in Fine for Local Sculptor

Charles O. Haag, sculptor, who lives at 897 Cherry street, was fined \$5 and costs before Police Magistrate Clark T. Northrop on a charge of assault and battery, preferred by his wife, this week.

According to the police they re-

ceived a call last Saturday afternoon from the Haag residence, and when they arrived found Mrs. Haag bleeding from the nose. She declared her husband had struck her but he was not to be found and she refused to sign a complaint at the time. Later, however, she appeared at headquarters and signed the complaint and Haag was arrested and fined.
