**LOCAL MASONS
VISIT GLENCOE**

Event Is Reunion for Many Members

A notable event in local masonic circles was the first official visit of Winnetka Lodge No. 1078, to Glencoe Lodge No. 983, on the last Tuesday evening in March. This visit was in the nature of a home-coming to the many members of Winnetka lodge who left Glencoe to form the lodge in this village.

So it was to show their appreciation of the wonderful spirit of cooperation and friendliness that Glencoe has shown Winnetka lodge that about 100 Winnetka masons responded to Glencoe's invitation to come and exemplify the third degree on the evening's candidate, Robert "Bob" Wienecke.

It was a proud moment for Henry Wienecke, Sr., father of the candidate, to see his son made a Master Mason in the presence of such a large group of Masons. The lodge room was filled to its capacity.

At the conclusion of the degree work the lodge adjourned to the dining room to partake of the excellent luncheon the stewards had prepared.

Interesting talks were given by several of the past masters present, includ-

ing C. H. Roth, past master of Basutoland Lodge No. 28. E. C., of Basutoland, South Africa, who gave a short summary of his observations of Freemasonry as gathered in his journeyings round the world. He touched on the universality of Masonry and how his lodge was formed in a little village that had but 50 white inhabitants.

Those who took part in the degree work appreciated the remarks of one speaker who referred to the candidate, "Bob" Wienecke, as a "reinforced concrete pillar of masonry," as his training as captain of the Northwestern football team was evidenced as he progressed through the degree.

Winnetka lodge is looking forward to the date in May when Glencoe will visit here, and all members are urged to watch for the date and plan to attend.

**"Are Sin, Death Real,"
Christian Science Topic**

The subject of the lesson at the First Church of Christ, Scientist, on Sunday morning April 12, will be "Are Sin, Disease, and Death Real?"

Services are held in the Masonic temple building at 708 Elm street at 11

o'clock. Sunday school convenes at 9:35 o'clock and a testimonial meeting is held on Wednesday evening at 8 o'clock.

The reading room at 526 Linden street is open daily except Sunday from noon until 5 o'clock and on Wednesday evening from 9 to 9:30 o'clock.

The Modern Skyline

IN America's cities everywhere, towering high above the streets, are the "skyscrapers," monuments to industries, builders, and all whose thought and achievement enable hundreds or thousands to work and live comfortably under one roof.

These human hives, and the activity they shelter, are made possible by the telephone, with its cables and wires spreading from floor to floor and from room to room.

The messages they send and receive, now despatched so quietly and speedily in all directions, would require an army of messengers that could neither be mobilized nor directed.

Without such a service as the telephone for the transmission of spoken messages, America's monumental business architecture would not exist, and men would still have to live and work close to the ground, instead of in the air.
