

'DON' IS A HIT AT THE CENTER

Community Drama Players Stage Besier Play

BY OBSERVER

"Don" by Rudolph Besier was presented to the public by the Community Drama Players of the Community Drama club Wednesday and Thursday evenings. The play itself, very different from anything yet attempted by this group, brought home vividly the hopelessness of defying the world's rigid conventions. Evidently no reputation or lifetime of purity is safe from the innuendoes of the evil-minded. The play, therefore, lent itself to some rare bits of characterization. Stephen Bonington, "Don," the hero of the play, an idealist, naive and very impractical, was done by Lloyd Faxon; a difficult part, with trying situations, in which Mr. Faxon acquitted himself with real sincerity.

The father and mother, Canon and Mrs. Bonington, were extremely well portrayed by Mr. Henry Cary-Curr and Mrs. Charles Karnopp, both of whom are always welcomed by a Winnetka audience. Mrs. Karnopp's long and difficult part was one of the features of the play. General Sinclair by Mr. Yoder gave the audience a chance to laugh here and there, and Mrs. Sinclair was very satisfactorily done by Mrs. Merritt Lum.

Ann, the betrothed of "Don", was prettily characterized by Miss Grace Merrill, who has a very agreeable personality on the stage. Mr. and Mrs. Thompson, around whom the plot centers, were very well presented by Mr. Norman Anderson and Miss Mary Harding. Miss Harding certainly did creditable work, coming in at the last moment to fill a vacancy caused by illness. Mrs. Poff as the maid made the most of a small part.

Great credit is due Mrs. Taliaferro Milton as director for overcoming every conceivable difficulty that could arise from illness, delays, and lack of regular attendance.

With more certainty as to their lines on the part of a few, and a sharper pick-up on cues, the play would have been one of the outstanding things done by the Community Players. The properties, in charge of Mrs. Alfred Freeman and Mrs. Harry Cadenhead, were well selected, and the faithful stage crew, Myron Harshaw, Charles Baker, Gerrit Van Der Hoogt, Clarence Happ, Ryerson Gates, and Taliaferro Milton rendered the usual unselfish unappreciated assistance.

C. M. T. C. TO STRESS ATHLETIC FEATURES

Athletics will be given greater attention in the Citizens' Military Training camps this year than ever before. Every effort is now being made at Sixth Corps Area headquarters to secure qualified and experienced coaches from among reserve officers of the corps area to serve as instructors in the C. M. T. C. and assist the regular army officers with the various forms of athletics which will be provided at the camp.

Few people who have not personally visited one of the Citizens' Military Training camps realize the variety of athletics that are available to the young men in attendance. A partial list of the athletic events would include baseball, football, volley ball, basketball, pushball, swimming, tennis, boxing, wrestling and field events of all kinds. Athletics are not haphazard events of the camp for the amusement of the young men in attendance, but are as carefully planned, thought out and supervised by competent coaches as any other training feature of the camp. They form a very important part of the training of the young men in the camps, because it is possible to teach team-work, sportsmanship, toleration, respect, obedience and benefits to health from proper exercise through properly conducted athletic events with a better chance of success than in any other way. This will be good news to the young men who are to attend the C. M. T. Camps and expect to enter the fall try-outs of football and basketball teams, for in addition to the expert coaching they will receive in these lines of sports at the C. M. T. Camps the military and athletic training during the 30 days in the out-of-doors will harden them, so that they will be in wonderful condition to enter these try-outs.

Boys Return From Trip to Adventure Island Camp

Charles A. Kinney and a group of boys return today from an eight day trip to Adventure Island camp, where they helped place the first log in the new buildings being erected on the island. Logs for the main building were cut during the winter, in addition to which Mr. Kinney purchased a large log dwelling erected by one of the first settlers in Deer County, and had it dismantled and taken to the island to be used for a shop cabin.

While on the island the boys spent part of their time cutting down trees to make of space for a ball field. From now until July 1, when camp opens, a crew of men will be steadily at work getting the new camp in readiness for a successful season. Mr. Kinney plans to make numerous week-end trips with small groups of boys during May and June.
