

# LEGION SHOW TO 'GO ON THE AIR'

### Station WTAS to Send Rollicking "Married at 3" Throughout the Country

## MUSIC BIG FEATURE

### "First Chair" Symphony Players to Be There

If you've ever witnessed the hodge-podge screen features, you'll no doubt feel quite at home with this story, for it'll be just a bit of everything about the forthcoming Legion show, "Married at 3."

First off, Chairman Tom Brown and his "right bower," S. Edwin Earle, held conversation with Charley Erbstein the other day and that worthy gentleman of broadcasting fame announced, after hearing about the show, that he would sure enough pick it up for his legion of "listeners." And so the fame of Winnetka and Winnetka's Legion Post once again spreads throughout the land.

We said the music would feature this production. Well, there'll be some 20 musical numbers arranged by Hoyt and Rosenthal and a good-sized orchestra of real-symphony players on hand to provide the background for the songs and dances. Three big hits are scheduled, namely: "I Love You," "The Hindu Moon," and "Oriental Blues."

Reservations may be secured throughout the afternoons between now and the days of the performances. The offices of WINNETKA TALK on Lincoln avenue will be open for reservations this evening from 6 to 9 o'clock and specially again on Wednesday evening, the night before the first performance.

On Thursday afternoon the Legionnaires will pilot an automobile with a "bride and groom" perched on the back seat, through the north shore from Evanston to Lake Forest, advertising the fact that the pair will be formally "Married at 3." Don't miss this parade. There will be other surprise features in the procession.

Any member of Winnetka Post of the American Legion will be glad to serve as messenger in the matter of taking care of your reservations. Have him do it, for it is a favor to him. He wants the houses sold out because he wants to do everything possible to help his disabled buddies—and, after all, that's the reason for holding the show.

The amendment to the constitution of the organization, reducing the membership fee to a minimum of \$10 was passed at the Wednesday evening meeting, and many new members have signed up, according to the president. ## The History of Any Failure in Life

will be found to be a history of a man who spent as he earned, with never a thought of tomorrow and the day after. And the history of a success in life will be just as regularly found to be the history of one who saved and had the money to take advantage of the opportunities that came his way.

Saving represents the road to success; spending is the down-hill road that is easy to travel but ends in disaster always. You can take your choice—but after you've got too far along the down-hill path, it's impossible to turn back!
