

**MESSAGE FROM PANAMA
LAUDS WINNETKA TALK**

The WINNETKA TALK travels, each week, to places in the remote lands of the earth, to persons, who, though far away, are Winnetkans at heart and profoundly interested in the happenings back home.

Not infrequently the TALK offices are in receipt of messages from these travelers upon the face of the globe. Only this week there is a glowing communication from a youthful villager who is engaged in the service of this country in the primitive wilds of Panama, otherwise known as Republique de Panama.

Reference is to Daniel W. Kohlsaas, corporal with the United States army engineers engaged in making maps of the Panama Canal zone.

"That paper sure is great," writes Corporal Dan in commenting on the TALK. "It keeps me informed as to the latest comings (and goings) and all the village 'slander'. I'd sure miss it if they were to discontinue the publication."

Corporal Kohlsaas's particular job just now is surveying the Chagres river, the flow of which feeds Gatun lake and makes the canal possible.

**\$70,000 Residence Heads
Building Permit Roster**

Felix Lowy of 716 Junior terrace, Chicago, has taken out a permit to build a new \$70,000 home on the northwest corner of Winnetka avenue and Sheridan road. Work will begin on the new structure shortly, and it will be completed in about a year. The residence will be of brick and will have 16 rooms and an attached garage. The architects are Mayo and Mayo of Chicago. Mr. Lowy is associated with the Palm Olive company, whose main offices are in Chicago.

Other new buildings for which permits have been taken out recently are Chestnut streets, which will cost the Weissenberg building at Elm and \$65,000; a new brick residence at 888 Ash street, which W. A. Stubbe is building at a cost of \$7,000, and the new frame residence of I. Greenhaugh, at 1354 Asbury avenue, which will cost \$11,000. W. C. Van Horne is building an addition to his home at 757 Locust street, which will cost \$14,000. The addition is to be of frame and stucco construction.

DEPOSITS IN OUR

**Savings Department received on or before May 10th.
Will draw interest from the first of the month.**

If you have not started a savings account, fix a definite purpose in mind and save toward that end. It is easy after you once start. The systematic method of setting aside a fixed amount each week will soon enable you to realize many of your desires and ambitions.

We will help you. We remain open Saturday evening from seven to eight P. M. principally for the benefit of our savings department.

Come in this evening and make the start or "carry on" toward the end for which you are already saving.
