

At Our Great Removal Sale

Now in Full Swing

The workmen have already started to renovate the interior of our new store at 810 Davis Street from which the Woolworth Company has moved. That means very shortly we will be faced with the enormous task of moving our tremendous line of furniture. This will not only entail a tremendous expense but there is also the element of damage to the stock in so large a transfer—it is to our advantage, therefore, in the intervening days to throw our entire stock upon the market at tremendous price reduction.

This means that the most unusual furniture opportunity that has ever come to Evanston is now at hand. The integrity of this firm is sufficient guarantee, we think, for the splendid values which we are offering to you. You will find practically everything that goes into the furnishing of a home and whatever purchases you make you may be assured that the saving will be tremendous. You may make use of our credit plan during this sale. It is a plan on which many happy homes have been furnished in Evanston.

This is an especially fine opportunity for those young people who plan to embark

upon the sea of matrimony this spring. They may outfit their home from one end to the other at this sale at a saving which will provide them with a handsome little nest egg. If you do not want the furniture immediately a small payment will hold any and all articles until you are ready for them. Our suggestion is, however, that you come in at once and make your selections while the stock is at its best. We have some especially fine values in refrigerators just now having received a carload of them recently and all of them will go at the special sale prices.

S. Rosenbaum Company is at this time anxious to say a word of appreciation for the splendid patronage which has made possible the tremendous enlargement in its business that will come with the opening of our new store. The steady increase in business has been the best possible complement to the quality of merchandise we have sold and the type of service we have yielded. In our new store it will be possible to add greatly to our stock and to consummate many plans we have long treasured. Announcement of the opening of the new store will be made in ample time as we hope to see all our old friends at that auspicious event.
