Eats Steak First Time in 3 Years

Boston Dentists,
135 S. State Street, Cor. Adams.
Dear Sirs:

The next day after being fitted with my new set of teeth which you made for me, I celebrated by eating roast chicken. Not having had meat for three years you can picture my delight. Have had chops or steaks every day since. In appearance identical with my natural teeth.

**CAMP FIRE CEREMONY
PROVES NOTABLE EVENT**

The Camp Fire Girls' Grand Ceremonial was held Saturday evening, May 16, in Community House. In the large circle in the Community House gymnasium there were more than 100 girls around the real camp fire and the lighted torches. The beautiful candle-lighting ceremony of the Camp Fire, and the songs with motions were charmingly and impressively given by the girls.

The following took rank as Woodgatherer (the first rank) and received the Woodgatherer's ring: Frances Bell, Betty Gillies, Patty Jenkins, Betty Green, Virginia Schlaicks, Marjorie Smith. Those who received the Firemaker's rank (the second highest rank) were: Mrs. Paul Hutchinson, Mrs. R. D. Pierce, (Guardians) Katherine Buhner, Virginia Conner, Katherine Smith, Emily Nell Simpson, Barbara Burlingham, Lois Truesdale. Mrs. R. D. Pierce's group received the Honor emblem for having won the greatest number of honors during the year.

A class of 20 young women from Northwestern university were presented by Dr. Norman E. Richardson, and received their certificates as Camp Fire Guardians from Mrs. Eloise Wortley, Winnetka executive of Camp Fire. This class has been studying Camp Fire methods and taking the Guardians' course under Dr. Richardson during the year.

Dr. J. W. F. Davies, chairman of the Camp Fire council, introduced Mrs. B. F. Langworthy who gave a talk to the girls on "Ideals," after which the candles were extinguished, Dr. Davies pronounced the benediction, and the girls marched out, singing.

**Interesting
and important!**

"JUST how important is this new looped bead construction of the new Kelly?" we have been asked.

And we have answered:

"If extra mileage is important to you, if less gasoline consumption is important to you, if the peace and security of an easy-riding, noiseless non-skid tread is important to you, then Kelly's looped bead construction is perhaps the most important development since the advent of cord tire construction."
